PRESIDENT SCORES FIRST

Alabama Delegates-at-Large and District Delegates Are Won by Taft

Color of National Committee Is 39 to 13 in Favor of Chief Executive

What Was Done

The Republican national committee today began work on the contests over seats in the national convention.

Again defeated motion of Senator Borah of Idaho which would enable eight members to require a roll-call. The number stands at 20.

Alabama case, delegation-at-large, six votes, first considered. Arizona case, delegation-at-large, six votes, deferred until later day.

Voted unanimously to seat the Taft delegates-at-large and all district delegates from Alabama, 42 in all.

CHICAGO, June 7.—President Taft won the first of the contests for seats in the Republican national convention heard by the Republican national committee, when, by a vote of 53 to 0—a unanimous decision—the contest over the Alabama delegates-at-large, six in number, was decided in favor of the "Long" (Taft) delegation.

The first vote was viva voce, Senator Borah asking for a yes and nay vote, though evidently there were no negatives. His request was complied with and confirmed the unanimous decision.

The committee seated the Taft delegates in the First, Second, Fifth and Ninth Alabama districts, but gave the Roosevelt delegates in the Second the right to go before the convention. The vote was unanimous in both cases. In the First Alabama district case the Roosevelt side waived argument as futile after the decision on the delegates-at-large.

The Sixth Alabama district contest was withdrawn, the contestants failing to appear.

MEET ANOTHER DEFEAT.

Before the contests were taken up the Roosevelt adherents met another defeat, duplicating that of yesterday, in the tabling of the renewed motion of Senator Borah of Idaho that eight members instead of twenty, as now provided by the rules, should be sufficient to order a record of the years and days on any proposition.

Senator Borah said he recognized that the roll call would be granted whenever asked for by members of the committee. While the original demand of Senator Borah was denied it is understood to be the purpose of the committee to allow a record vote to be taken whenever Roosevelt men desire it. Senators Penrose and Crane were among those who joined Senator Borah and the Roosevelt members in asking for the roll call in the Alabama case.

The committee next took up the other Alabama cases involving two

TRAGEDY IN BUDAPEST CAPITOL

Statesman Kills Himself After Failing to Assassinate the House President

Deputy Opens Fire on Count Tisza as Climax of Hungarian Riots

SHOTS FIVE TIMES.

BUDAPEST, Hungary, June 7.—Count Tisza, president of the lower house, had a narrow escape from assassination in the Diet this morning. He was fired upon three times by Deputy Julius Kovacs, who then shot himself, probably with fatal effect.

Count Tisza was unscathed. Kovacs was one of the most militant members of the opposition and was among those who were elected from the chamber Wednesday because of disorderly conduct. He was suspended for several sittings, but this morning when the chairman reconvened he managed to evade the police and found his way into the press gallery.

Soon after the proceedings opened Kovacs moved to the front of the gallery, and shouting "There are still opposition members of the chamber," drew a revolver and emptied three chambers in the direction of the president. Then, seemingly chagrined at his bad marksmanship, he put two bullets into his own body.

The attack upon the count is a direct outcome of the agitation which has been persisted in since his election as speaker, May 22. Tisza is an opponent of universal suffrage and on this issue his election was contested with a bitterness that culminated in violence in the streets. Free fights occurred in the streets. Free fights occurred in the streets. Free fights occurred in the streets.

MANY KILLED IN RIOTS.

During the next two days there was much rioting and many persons were killed by the soldiers and police. The whole affair took on a revolutionary character and the government was compelled to compromise with the Socialists by inducing the miners involved in the strike to make certain concessions thus appeasing the popular feeling.

The men returned to work on May 25 and the demonstrations shifted from the streets to the Diet. The opposition by noisy tactics prevented the passage of legislation and the deadlock continued until last Tuesday, when President Tisza forced through the government defense bill. On the following day, when the proceedings again were interrupted by the use of noise-making devices, the president called in the police, who expelled thirty members of the opposition.

12 Soldiers and Workmen Die in Ammunition Blowup

VIENNA, June 7.—Twelve persons were killed and many others injured at the Woellersdorf ammunition factory in Wiener-Neustadt today when an explosion occurred in a shed containing scrapite, the Austrian equivalent of melinite. The victims were soldiers and workmen. The shock broke windows throughout the town and did much damage in the neighboring watering place of Baden. Wiener-Neustadt is a manufacturing town, 13 miles south of Vienna.

Commerce Court Reversed by U. S. Supreme Tribunal

WASHINGTON, June 7.—With the declaration that the commerce court was not a substitute itself for the Interstate Commerce Commission, the U. S. Supreme Court of the United States, in a decision today reversed the commerce court and upheld the Interstate Commerce Commission. The principal decisions were concurred in by the entire court.

VIOLENCE ATTENDS STRIKE

Car Crews Injured, Electrics Wrecked and Lines Tied Up in Boston

Trouble Comes Suddenly After All-Night Session of New Union Members

BOSTON, June 7.—Violence marked the beginning of a strike of several thousand employees of the Boston elevated railway at daylight. Those who refused to work demanded recognition by the company of a recently formed union. The company refused to deal with them other than individually. The street railway service and the elevated road were being operated on about half time. Five arrests have been made for assaults on motormen.

Although the strike had been threatened for a week or more, it came shortly after 4 a. m. with a suddenness and a clash, that surprised not only the company officials, but the police of Boston, Brookline, Cambridge, Somerville, Everett, Chelsea, Medford and Malden.

The men had been discussing the matter nearly all night at a mass meeting, and as daylight was breaking it was decided to take a vote. As soon as it was seen that those in favor of going out were in the majority, the gathering of nearly 2000 men began cheering and a rush was made for the first early morning cars.

CREW IS BEATEN.

The first one was met on Tremont street near Thall. The car was stopped, the trolley yanked from the wire, the windows smashed and the motorman and conductor badly beaten. Several passengers were rushed out of the car, although none was injured.

As the clash was proceeding a mail car suddenly came into sight, and recognizing the authority of the government, those who stopped the first car suddenly ceased their activities and permitted both cars to resume their journey.

A few minutes later word of the strike had reached the vicinity of the North station and there two other cars were stopped, windows smashed, some of the gearing disabled and several passengers were slightly injured by flying glass. Several arrests were made at this point.

A crowd coming from the direction of strike headquarters encircled several cars on Adams Square about 5 o'clock and more violence ensued. Two arrests were made. One of those taken was charged with inciting to assault on a policeman and the other was charged with inciting a riot.

TIE UP SUBWAY CARS.

A dozen men rushed down into the Cambridge subway as the first car was about to start and tried to persuade the train hands to join them. They were unsuccessful, but held up

SAMUEL G. BLYTHE TO REPORT CONVENTIONS FOR THE TRIBUNE

KNOWS ALL ANGLES OF GAME

Dean of American Political Writers Will Tell Story for This Paper's Readers

Republican and Democratic Fights Will Be Observed by Expert

SAMUEL G. BLYTHE, DEAN OF POLITICAL WRITERS, WHO WILL REPORT THE REPUBLICAN AND DEMOCRATIC CONVENTIONS FOR THE TRIBUNE.

Samuel G. Blythe, recognized the world over as dean of American political writers, will report for THE TRIBUNE the Republican national convention at Chicago and the Democratic national convention at Baltimore.

This announcement means that the readers of THE OAKLAND TRIBUNE will receive the most accurate, graphic and complete accounts of two great political struggles. The trained staff of journalists of the Associated Press will furnish for THE TRIBUNE the running story of the conventions and not a significant line or word will escape them.

But, above all this, will be the master mind and pen of Samuel G. Blythe, who has covered every national convention since 1886, whose inimitable humor, satire and brilliancy in the Saturday Evening Post and other publications have made him the most widely read writer in the country. Blythe will be one of 500 newspapermen at the Republican convention, and there is hardly one in the 500 who will not look to the veteran for assistance and suggestion.

Over the special leased wires, on July 18, the story of the downfall of either President Taft or Theodore Roosevelt will be flashed word for word just as it develops at Chicago. There is every prospect that an effort will be made to stymie the convention, and if this is done, none but Samuel G. Blythe can adequately portray the scenes that will follow.

History will be made on June 18. No American man or woman can afford to miss the account of that history as it is made, and there is no one who is more fitted to stamp the truth indelibly on the mind and emotions than the veteran journalist who has been engaged by THE TRIBUNE.

AT BALTIMORE, TOO.

The same exclusive service employed in covering the Republican convention will be used to report the national Democratic gathering at Baltimore, June 25. Blythe, who is more familiar with the history of the Democratic party, both past and present, than any other political writer, will give a keen, clever and impartial account of the Democratic convention. He will have the advantage of attending both conventions, of analyzing the outcome of each and, in consequence, the readers of THE TRIBUNE, no matter of what political faith, can learn through Blythe the true chronicle of party progress, hopes and doubts.

To those by any chance who do not know of Blythe's qualifications as a journalist, the following is taken from America's "Who's Who":

Women Wage Fierce War For Lower Cost of Meat

NEW YORK, June 7.—Women pledged to a war on high prices of staple foods started a campaign of violence in Brooklyn today, directing their efforts against meat shops. The plate glass door of one shop was shattered while 500 women screamed approval. In three or four other shops militant housewives attacked customers, knocking parcels from their hands. Dealers were warned against continuing to offer meat for sale. Eight shops obeyed the orders of the housewives, removing all meat and promising not to make any further sales until they could sell at lower prices.

Rejected Suitor Fails at Murder; Suicide Succeeds

PASADENA, June 7.—After shooting the couple were being followed by two detectives, whom Mrs. Marie Monroe in the face, H. J. Murphy, said to be a rejected suitor, committed suicide early today. The couple were walking toward Mrs. Monroe's home at the time. The woman will recover, it was stated. At the time of the shooting the couple were being followed by two detectives, whom Mrs. Monroe said she had employed to protect her after Murphy had threatened to kill her some time ago. Mrs. Monroe was defendant in a suit for alienation of affections brought against her by the wife of Murphy.

Butte, Mont., June 7.—Arthur Keelson was drowned last night in Lake Arcadia, in a vain attempt to win a \$4000 prize that he could swim from the middle of the sheet of water to shore with ten-pound dumbbells tied to his ankles. He perished while three hundreds of people looked on.

U. S. ARMY FORCE TO MOVE

Four Transports Will Bear Uncle Sam's Soldiers to Troubled Island

Orders Sent to Posts for Men to Prepare for the Expedition

WASHINGTON, June 7.—The general staff of the army issued preparatory orders today for the dispatch of a military expedition of 5000 troops to Cuba. The four army transports now at Newport News were ordered to be put in commission, provisioned and supplied.

Orders also were sent to the army posts from which the troops will be drawn to have all in readiness for the movement.

The troops will be taken from Plattsburg barracks, Ft. Porter, Niagara and Governor's Island, N. Y., and Forts McPherson and Oglethorpe, Ga.

REBELS REPULSED.

HAVANA, June 7.—Negroes armed with rifles attacked the Toledo sugar mill at Marianas, a suburb of Havana, today, evidently with the intention of burning it.

They were held back by private armed guards, but the firing continued until cavalry, summoned by telephone from Camp Columbia, appeared, when the insurgents fled.

Juan Ducaul, who was a leading general in the war of the revolution, was arrested in Havana today, charged with conspiring to support the present negro insurrection. P. Galves, leader of the negro party in Pinar del Rio, also was arrested.

The torrential rains began three days ago and continue generally throughout the island, interrupting telegraph communication with the provinces of Oriente, the scene of the most serious trouble. The low lands of Pinar del Rio are submerged and much damage has been done. The peasants are seeking refuge in the towns. Railroad communication is interrupted.

Early today eight negroes attacked and burned a village on the Guantanamo Western railroad, eight miles from Guantanamo, where a garrison of 100 American marines is stationed.

PADUCAH LANDS MARINES.

SANTIAGO, June 7.—The United States gunboat Paducah landed 50 marines last night under Lieutenant Philip Torrey at the El Cuero mines and 40 marines under Captain Gules at Punta de Sal. These garrisons will be increased as soon as possible, as they are considered insufficient, as present to protect the properties there.

Sultan Leaves Fez With Escort's Protection

FEZ, Morocco, June 7.—Sultan Mul al-Hafid, accompanied by the French minister, M. Regault, and a strong escort, left for Rabat today, from where he probably will proceed to France. As he passed through the deserted streets of the capital the widows.

General Lyautey, the French resident governor, went in the city gait with the sultan.

Proposes Tax on Weapons To Curb Warlike Spirit

WASHINGTON, June 7.—Representative Thomas Upton Gibson of Mississippi has proposed a new law to curb the warlike spirit of Americans and has introduced a revenue measure which would impose a heavy tax on "gun totes" and vendors of deadly weapons. He bill stipulates that from July 1, 1913, every such weapon stored in any warehouse, wholesale or retail establishment in the United States must bear a revenue stamp which will cost \$2.50 and 25 per cent ad valorem in addition.

Lake Region Experiences Two Earthquake Shocks

CLEVELAND, June 7.—Two earthquake shocks recorded by the seismograph at St. Ignace College early today probably originated at a not far distant point, possibly in Indiana or Michigan, according to the estimate of Father Odenbach, the curator. The first shock lasted from 4 22 a. m. to 4 24. The second began at 4 58 and ended at 5 20. Owing to the absence of the rural phases Father Odenbach estimated the point of origin as comparatively close.

NATIONAL COMMITTEE CONSIDERS CONTESTS Taft Scores First When Alabama Delegates Are Given to Him

(Continued from Page 1.)

delegates each from the First, Second, Fifth, Sixth and Ninth districts. Fifteen minutes for each side were allowed by the committee for the district contests.

The entire Alabama delegation of 24 votes is now credited to the Taft column of delegates for the Republican national convention. The national committee decided against all the Roosevelt contests from that state. The only dissent in the committee was in the decision in the Ninth district. In that case the vote was 28 to 15.

The vote on the Ninth district contest, the first real test of the day showed the following votes for the Roosevelt contestants:

Knight, California; Dupont, Delaware; Borah, Idaho; Lowden, Illinois; Burnham, Kentucky; Kellogg, Minnesota; Wright, Louisiana; Roosevelt, Nebraska; Littauer for Texas; Flanagan for Nevada; Ward, New York; Capers, South Carolina; Luoss, Utah; Bieber, District of Columbia; Tharsen, South Dakota; Monday, Tennessee.

The Taft men conceded the roll call upon demand of the Roosevelt adherents. Chairman Roosevelt of Nebraska and Committeeman Lowden of Illinois voted for the first time with the anti-Taft forces.

The contest for sixteen delegates in Arkansas was next taken up by the committee, beginning with the four delegates at large.

EXCITEMENT ABSENT.

Up to the very hour, 10 a. m., set for the beginning of the real battle over the contested seats in the Republican national convention, the national committee's quarters showed few signs of the excitement that might have been expected. Most of the men about were newspaper men, who under the committee's decision of yesterday were not to be admitted to the hearings. The only reporters were two from each of the five press associations recognized by admission to the floor of the national House of Representatives at Washington.

The understanding was at the opening of the committee's session that the contests would be considered in alphabetical order. Alabama first, this state's contests, then the delegates at large and the district delegates from the First, Second, Fifth, Sixth and Ninth districts.

Next would come Arizona's six delegates at large and then Arkansas, four at large and the district delegates from the First, Second, Third, Fourth, Fifth and Seventh districts. With thirty minutes' time allowed each side for presentation of the case involving delegates at large and fifteen minutes per side for the district contests, it was evident that even the best possible economy of time and the intended omission of lunch recess would find the day barely touched at the end of the day's work.

BORAH RENEWS FIGHT.

Briefs for the Roosevelt side were available for the press only as the cases were called up by the committee. Another attempt was made at the beginning of the session by the Roosevelt forces to procure a committee roll call by the request of eight members. Senator Borah renewed the fight to strike out the requirement of twenty votes for a roll call.

Senator Borah's motion was tabled by a viva voce vote. This result crystallized the impression that the 28 to 15 votes of yesterday really represented the relative Taft and anti-Taft strength in the committee. The members from South Dakota and Wisconsin generally are accredited to the La Follette interests.

Senator Borah said he knew the other side had the votes to seat any delegates it desired to.

assistant counsel; O. D. Street and S. S. Pleasant, members of the Taft delegation at large from Alabama, and W. S. Roosevelt, J. J. Curtis and A. C. Birch, representing the contested delegates in the congressional districts.

M'HARG INSISTENT.

M'Harg insisted on the presentation of the Alabama cases by Senator R. Hundley of Birmingham, one of the Roosevelt delegates at large and the Roosevelt leader in the state. Associated with the Roosevelt attorney was Bainbridge Colby of New York, who is aiding in the contest at large.

The Taft claims to the Alabama delegates at large, six in number, as presented to the committee by the President's representatives, were substantially as follows:

In August, 1911, Republican factions in Alabama came together in a convention under suggestion from President Taft to compromise long standing differences. That convention, it was claimed, elected Pope M. Long, state chairman, against J. O. Thompson and selected six delegates at large to the Republican national convention.

When the Republican national committee met in Washington, December, 1911, it invalidated any election of delegates that had taken place prior to its meeting. State Chairman Long called another convention March 7, 1912, at which Pope M. Long was re-elected in conformity with the national committee's order.

Later Senator Dick claimed Thompson, the former chairman, issued a call for a separate convention, at which the contesting delegates at large were chosen.

REPUDIATES AGREEMENT.

"After Colonel Roosevelt announced his candidacy for the presidency," he said, "Mr. Thompson repudiated the written agreement he had entered into a year ago, precluded the entire proceedings of the convention held in August, 1911, were illegal and void, and pretended to call together the old state committee of which he had been chairman. Three members of the old committee, out of a total of forty-one, responded to his call."

"The Taft delegates at large were elected by a state convention duly called by the new state committee of which Pope M. Long is chairman. There is no question about the legality of their election."

In the five congressional district cases the Taft attorneys declared the organization established by the Republican convention in Alabama had been ignored and that a separate convention to elect Roosevelt delegates had been called by B. O. Thompson and N. L. Steele, "who occupy no official relation either to the state or congressional committee."

In the Second district the regular organization was ignored and the Taft forces further charged that the Roosevelt convention had been held outside the boundaries of the Second congressional district without the issuing of notice or the holding of county conventions.

In the Fifth and Ninth districts the Taft adherents charged the Roosevelt forces with working through "dummy" or "holding" committees, and in the Sixth district they claimed eight men had selected the district delegates at Birmingham.

DELEGATIONS APPEAR.

The two Alabama delegations appeared before the committee as the "Long" and "Thompson" delegations, taking the names of the rival Republican state chairmen.

"There is no contestant or contestee before this committee," said Secretary Hayward of the committee. "Both delegations are treated on the face of their credentials as regular and the order in which these arguments are heard will be decided on the date of filing the credentials."

The Roosevelt attorneys, led by the starting of the trains for nearly half an hour. About the same time four of the new semi-conversible coaches were so badly smashed that the traffic between Cambridge and Boston was blocked for several hours.

The outbreak in Charlestown was almost as severe, while similar outbreaks took place in Everett and Chelsea. It was announced during the afternoon that the actual vote in favor of a strike was 1939 to eight.

The strike committee claims that up to the time of calling the strike there had been no bad feeling between the strikers and the company. At the same time the company issued a statement that 2500 employees were laid off and that every effort would be made to keep the car system in operation.

Three hours after the strike began cars were running on nearly all lines, but with about half the usual frequency.

McHarg and Hundley, claimed regularly for their delegates. They asserted that J. O. Thompson and his delegates had been recognized by the Republican national convention of 1908 as "the regular or Thompson faction."

Hundley charged that the "Long" or Taft delegates had been chosen at the convention of August 1911, which was illegal, he said, so far as the selection of national delegates was concerned.

State Chairman Thompson, he said, had been elected in 1907 for four years, had called a state convention in 1911, at which Pope M. Long was elected state chairman, and that convention selected the Roosevelt delegates to the Chicago convention.

The Roosevelt attorneys declared that the convention of August 1911, which elected Pope M. Long, was illegal, he said, so far as the selection of national delegates was concerned.

United States Senator Dixon of Montana, manager of the Roosevelt campaign, denied reports that he was to be supplanted as active director of the former President's interests in the pre-convention struggle. He said other Roosevelt leaders would be called to Chicago from time to time as their services were needed to further Colonel Roosevelt's candidacy. Senator Dixon said he had just that significance and no other.

Congressman McKinley of Illinois, President Taft's manager, hailed the Moore-Flynn incident as a harbinger of weakness in the Roosevelt campaign management and said it indicated that "desperate efforts were being made to save the sinking ship."

George W. Perkins of New York arrived today. Perkins said he was confident that Colonel Roosevelt would be nominated. Possibility of a demonstration against the Roosevelt national committee was favored by the Taft side of the controversy was discussed at the Taft headquarters in explanation of the coming of William Flynn of Pennsylvania.

"BIG NIGHTS" PLANNED.

CHICAGO, June 7.—Distinguished visitors to the Republican national convention will be guests of honor of the Hamilton Club at three big "evenings" arranged for next week.

Senator W. E. Borah of Idaho will be the speaker at the celebration of Flag day next Friday. Former Senator Beveridge of Indiana, according to a tentative agreement, will be the speaker on "Roosevelt" day, and Senator Burton of Ohio has been asked to speak on "Taft" day. The dates for the last two have not been set.

Many members sought to have a debate arranged between Senator J. M. Dixon, chairman of the Roosevelt campaign, and Congressman W. B. McKinley, Taft leader, but it is said to be unlikely that the two will meet in such an argument.

TO PRESENT TAFT'S NAME.

COLUMBUS, O., June 7.—The name of President Taft will be presented at the Chicago convention by Warren G. Harding, former lieutenant-governor of Ohio. Harding announced today that he had received a letter from Taft asking him to name him at the Chicago convention. Harding said he had accepted the nomination.

RECALCULATES FIGURES.

SACRAMENTO, Cal., June 7.—Secretary of State Jordan has recalculated his figures on the primary election returns for the Fourth Congressional district, which purported to show that the Taft delegates, E. H. Tryon and Morris Mayfield Jr., had been elected over the Roosevelt delegates, his action being based upon a certified statement from the San Francisco county registrar showing that the dividing line between the Fourth and Fifth districts was so

irregularly drawn as to divide voting precincts.

No positive figures, therefore, on the vote by these two Congressional districts can be given, as there is no method showing which were Roosevelt delegates and which Taft delegates voted.

The figures, therefore, upon which Jordan based his certification to the Taft California committee were merely estimates and not positive. This certification by the San Francisco registrar as to the situation is expected to have a bad effect upon the contest to be made by the Taft proponents for the seating of the Fourth district Taft delegates.

WALKER ASKED FOR EXPLANATION

Contractor to Tell Why He Does Not Patronize His Home Firms.

P. J. Walker has been invited on vote of the Manufacturers' Committee of the Chamber of Commerce to attend an open meeting at which their alleged failure to employ materials from Oakland concerns in the construction of their buildings, will be discussed. The invitation will ask him to be present at the regular meeting of the committee, Thursday evening, June 20, when outside manufacturers will also be invited to be present.

The invitation grew out of a report of the executive committee of the body that night concerning a recent visit by that committee to the offices of Walker. Complaints among members of the committee against the use of materials by Walker in his construction work, said materials being furnished by San Francisco and other outside firms, were responsible for the visit. Walker declared, according to the report of last night, that he had not used local materials because most local manufacturers either did not respond to his call for bids when he had asked for them or they were financially unequal to meet the requirements of the work. He furnished the committee with specific instances of such lack of interest or inefficiency.

Following the presentation of Walker's case by himself, the committee asked him if he would appear before the local manufacturers and repeat his statements. He expressed willingness to do so, according to the report of last night, saying that if he did appear he would go thoroughly into the matter, giving names and detailed instances of his inability to get his work done locally.

The names of Fred and Irving Kahn were also included in the invitation, which was made in the form of a motion picture by George W. Wendell, on the assertions that they also have not favored local materials used in the construction work on their new store.

BANG! BANG! BANG! HUBBY HALF SHOT

Keyhole Baffles Bohan, He Wakes Wife With Yells and Fusillade.

"Help! Help! They are after me!"

The sound of three revolver shots rent the air and there were further cries for assistance. The hour was midnight and Mrs. L. P. Bohan of 27 Napier street was alone in her home.

Mrs. Bohan was almost crazed with fear, but in the voice which sounded through the panels of the front door she recognized the tones of her husband's voice.

"They have got me," groaned the voice. Suddenly realizing that her husband had been pursued by bandits and robbers and highwaymen and thugs, Mrs. Bohan hastily unlocked the door and, finding her husband kneeling against the door, grasped him by the shoulders and dragged him into the house.

"Are you shot?" demanded the trembling wife.

Bohan swayed gently to and fro, on his pins and waved a still smoking revolver, which resembled a small galling gun in the air.

"Only about half shot," he responded. "I could not find the keyhole."

Mrs. Bohan gazed indignantly at her husband as she gradually realized that he had resorted to a strange subterfuge to gain entrance to his own home. Then she wrenched the revolver from his hand and dropped it in the kitchen window into the garden beneath.

Neighbors were aroused by the shots and the shouts and telephoned to the police that murder was being committed. Captain Charles Rock, Sergeant William Drabett and operator Hunter rushed to the place in the police automobile and thundered on the door of the Bohan home.

The police were at first refused admission and when they were finally ushered into the parlor, the Bohan family manse denied any knowledge of any disturbance. Captain Rock threatened to lock up the entire family unless he was told the truth of the matter, and Bohan shamefacedly admitted that he had fired the shots. The revolver was found in the lettuce patch in the back yard.

Bohan pleaded guilty to a charge of discharging firearms within the city limits before Judge George Samuels this morning. Bohan stated that he was a hard-working blacksmith and had never done anything of the kind before. He said he had been out with some friends, Judge Samuels directed the case to ward Mrs. Bohan. The judge now determined look on the face of the wife.

"Judgment is suspended," declared the court.

LAND OF THE FREE, BUT NIX ON LUNCH

Los Angeles Ends Saloon Grub and May Even Stop Free Newspapers.

LOS ANGELES, June 7.—There will be no more free lunches in Los Angeles saloons. The city council instructed the city attorney today to draw up an ordinance prohibiting the serving of these lunches and the saloonmen endorsed this action. The saloonmen claimed if free lunches and free newspapers were prohibited the saloon question would be greatly improved.

The council also had under consideration a petition to request all local banks to keep open Saturday afternoons in order that workmen might have a chance to cash their checks at the bank instead of in saloons, as it was alleged many are now doing. Action on the petition was deferred.

ALL CANAL BOND MONEY IS SPENT

Last of the Loan Wiped Out by Progress of the Waterway.

WASHINGTON, June 7.—The entire proceeds of the Panama canal bonds of 1911, issued less than a year ago, have been spent. The last of the loan was wiped out yesterday by the progress of the waterway. Officials of the treasury do not contemplate issuing any more canal bonds during this administration. Secretary MacVane yesterday disbursed \$1,000,000 for the construction of the ditch. The amount not only exhausted the proceeds of the bonds, but deducted \$559,000 from the general fund.

The construction of the waterway, like the ordinary expenses of the government, it is expected, will be borne by the receipts from customs and internal revenue for months to come.

HARRY K. THAW TAKEN FROM ASYLUM TO JAIL

NEW YORK, June 7.—Harry K. Thaw, slayer of Stanford White, will be transferred once more on Saturday from the asylum at Matteawan to the Westchester county jail at White Plains. Judge Martin J. Keogh yesterday signed and filed an order permitting Thaw to be transferred and kept at the jail "subject to the further order of the court."

The order was obtained so that Thaw would be within easy reach of counsel who will appear for him in the proceedings scheduled to begin before Justice Keogh on June 17, said Clarence J. Shearn, Thaw's chief counsel.

"During the week intervening between June 8 and 17, officials will examine Thaw and make tests of his mental condition."

HAIL, HER HIGHNESS, QUEEN BLANCHE! DULL CARE BANISHED BY PROCLAMATION

STATE SENATOR E. K. STROBRIDGE CROWNING QUEEN BLANCHE (MISS BLANCHE DEUTSCH) AT THE SAN LEANDRO CHERRY CARNIVAL DURING THE FESTIVITIES THAT BEGAN LAST NIGHT.

San Leandro Cherry Carnival Opens With Court Ceremony, Cheered by Thousands

SAN LEANDRO, June 7.—Queen Blanche of the San Leandro cherry carnival was crowned last night in the presence of one of the largest gatherings ever held in this place, the crown being placed on her head by State Senator E. K. Strobridge of Hayward, who also delivered a short address of welcome to the thousands of visitors and to the entire court.

The ceremony was enacted on the royal throne at the east end of the plaza, which presented a unique scene of brilliancy, with its festoons of variegated incandescent lights, national and bear flags and bunting of red and green, the official colors. Every spot on the square was lit up for the occasion, showing off the elaborate decorations to advantage. Queen Blanche was attended by her entire court, composed of Misses Beale, Birchenhall and Frances Michael as maids of honor and Florence Massey and Dorothy Maunton as pages. Joseph Hoerst occupied the position of prime minister.

As the crown was placed on the queen's head a band hidden by a screen of flowers played a martial air. After Mayor J. J. Gill had presented her majesty the keys of the city the first royal proclamation was read as follows:

"LAY ASIDE ALL CARES."

To all my loyal subjects in the land of the cherry, hear ye: It is the royal mandate that Thursday, Friday and

Saturday, within the boundaries of my domain, shall be set aside as a carnival time, during which the God of Mammon, Business, shall surrender his claims to your attention and adulation to those of the spirit of the cherries.

It is my desire and I therefore command that during this time of festival you shall lay aside all the cares of everyday existence and join the ranks of innocent revelers in Mardi Gras. "Eat, drink and be merry" will be the fetish of the throne. Homage in abundance is to be paid the ever youthful God, Joy, throughout the entire 72 hours of my reign.

From the moment that the key of the city is placed in my hands until the time I relinquish it, my reign will be one of rejoicing and thankfulness. Your joy and thankfulness are to be displayed in beauty pageant and apparel. The highways and byways of my domain are to be decorated in the brightest and most brilliant colors and the hearts of all my loyal subjects are to be as light and gay as the pageants in which they shall participate.

This is to be in celebration of the fourth annual festival of the cherries. The desires of your sovereign are hereby made known and I am confident that they will be carried out in every particular.

QUEEN BLANCHE

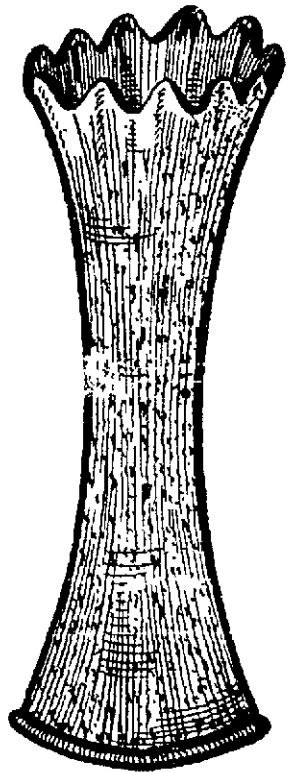

The coronation ball in the Masonic Temple, to which the royal party was escorted by prominent city officials, proved a great success, several hundred couples filling the floor to its capacity until a late hour. The grand march was led by Queen Blanche.

"SIGHT-SEEING TODAY."

The activities of the fiesta this afternoon centered around the many concessions providing an endless series of fun for the merry-makers, and sight-seeing trips about the city and its environs. A place of special interest to the hundreds of visitors was the nickel dance pavilion near the

postoffice, where hundreds of couples enjoyed themselves in the open air. "Fun Square" will be brilliantly illuminated tonight to welcome the pleasure-seeking throngs and an informal reception will be held in honor of Queen Blanche. Band concerts will be held on the plaza and at street corners.

Tomorrow will be the big day of the celebration, when a floral and cherry pageant will be held, a feature of which will be the escorting of her majesty by a squad of police from Melrose under the command of Captain of Police Thorwald Brown. During certain hours cherries will be distributed to the visitors.

GIRLS A-PLenty AT THE BELL

MARGUERITE FAVAR and her girls at the Bell this week.

Well, they're here. Girls; more girls, and then some. Whimsy girls, Egyptian girls, football girls and girls.

Marguerite Favar has them at the Bell theater, and in the nick of time. The day was warm. A breeze was needed. In fact, Oakland awarded a breeze. In fact, it is to be accurate. And these girls breezed in on so just at the opportune hour. They are giving those of us who get our vaudeville diversion at this pop-

ular house one of the best numbers of the week. In the days of unusual warmth, they are a cooling draught, in a bill that is replete with good things and a program that the kiddies will win amusement from in big chunks.

Send them tomorrow. Let them have a taste of vaudeville's good things. And, better than that, take them yourself. You'll enjoy it as thoroughly.

BERGER TRAINS HIS GUNS ON HANFORD

Representative Accuses Federal Judge of Being "Habitual Drunkard."

WASHINGTON, June 7.—Representative Berger, Socialist of Wisconsin, began impeachment proceedings today against Federal Judge C. H. Hanford of Seattle, who recently deprived Leonard Olson of that city of his citizenship papers because he was a Socialist.

Representative Berger charged Judge Hanford with high crimes and misdemeanors—a long series of corrupt and unlawful decisions and being a habitual drunkard. He asked that the judiciary committee investigate.

The Department of Justice already is assisting in Olson's attempt to have Judge Hanford's decision reopened. The House adopted Berger's resolution directing the judiciary committee to investigate.

ALUMINUM TRUST ACCEPTS DECREE

Corporation Agrees to Ruling
Before Wickersham
Files Suit.

PITTSBURG, June 7.—For the purpose of destroying the alleged monopoly of the so-called aluminum trust an agreed decree was entered in the United States district court here today against the Aluminum Company of America.

The decree abrogates all unlawful contracts and restrains the defendant company from negotiating similar pacts or pursuing unfair methods towards competitors.

The decree was consented to by the Aluminum Company of America as a result of protracted negotiations with Attorney General Wickersham, prior to the filing of the suit. This is the first time a decree has been agreed upon under the Sherman law before court proceedings had started.

The company is forbidden to participate in any combination or agreement to control the output or prices of aluminum.

It is enjoined from combining by stock ownership or otherwise with other manufacturers for this purpose. The decree places a long list of specific unfair methods to competitors under the ban of the court.

Whenever it is shown that substantial competition has arisen in the aluminum industry the decree may be modified upon the production of evidence that it is working an injustice. Application for modification, however, cannot be made oftener than once in every three years.

\$100,000 LOSS BY FIRE IN PORTLAND

PORTLAND, Ore., June 7.—Fire of unknown origin gutted early today the three upper stories of the New Crown Mills, a flour mill owned by Balfour Guthrie & Co. The flames broke out on the fifth floor of the mill and spread to the sixth and seventh stories before water could be thrown on it. The lower stories of the building, which is a reinforced concrete structure, and the warehouse, which contains nearly all the products of the mill, were not injured. The loss is estimated by D. A. Patullo, the resident manager, to be about \$100,000, fully covered by insurance.

LOS ANGELES MAYOR ATTACKED IN OFFICE

He knew a "Miss Gless" before the Mayor had time to answer the man struck him a hard blow in the chest. At the city prison it was announced Gallagher was undoubtedly detained.

HOW GRACE BENSON BECAME FAMOUS FOR THE BEAUTY OF HER HANDS AND ARMS

Free Prescription That Can Be Prepared At Home Without Expense.

Grace Benson, famous for the marvelous beauty of her hands and arms in a recent interview, says: "If I could tell every woman about the prescription that has caused all this talk about my hands and arms they could every one of them make their hands and arms just as beautiful as mine. I am glad to have the opportunity to give my receipt free to the world. It will help every woman to improve her personal appearance."

She further said: "This prescription makes the skin transparent and moves all defects, such as freckles, sun spots, roughness and redness. A single application works a marvelous transformation. Where your hands are worn it can be applied to the neck with equally as startling results. It is absolutely harmless and will positively not stimulate or produce a growth of hair."

COMMISSIONER PRAISES KNOWLAND FOR SUCCESS Congressman's Victory in Free Toll Fight Wins Official Congratulations

Brief mention has been made in recent telegraphic dispatches of a letter which Congressman Joseph R. Knowland, commissioner of navigation, commended the representative's successful fight for free tolls for American ships in the coastwise trade.

The commissioner of navigation is at the head of the Bureau of Navigation of the Department of Commerce and Labor, which bureau, as its name would suggest, deals with the various questions appertaining to the merchant marine of the United States. Chamberlain is probably better posted concerning the various laws affecting shipping than any other government official. Chamberlain's letter in full is as follows:

Dear Mr. Knowland: With you please accept my cordial congratulations on the signal success an hour ago of your hard campaign for free ocean-borne commerce in American ships through the Panama Canal between the States of the Atlantic and Pacific coasts.

Of course the vote reaffirms our established principle of untaxed waterways between the United States and the whole world. From my special point of view, however, you have secured the passage of a measure which will do more to promote the maritime importance of the United States and the increase of American ocean shipping and shipbuilding than any other bill which the House of Representatives has passed in eighteen years, in time for concurrent action by the Senate.

It must be the more gratifying to you that you won by a decisive vote of 147 to 125 after a debate of several days, in which you had to meet and overcome the

arguments of some of the strongest men in the House.

Faithfully yours,
E. T. CHAMBERLAIN,
Commissioner of Navigation.

TO THE HON. JOSEPH R. KNOWLAND, House of Representatives.

FURTHER PRAISE.

The Navy League of the United States, an organization composed of representative citizens throughout the entire nation who favor a large navy, of which League Horace Porter is president, strongly favored free tolls and assisted in the contest. The minority report prepared and presented to the House by Congressman Knowland was sent to every member of the League, resulting in many letters and telegrams from prominent citizens to various members of Congress in support of the minority contention. The corresponding secretary, who is also manager of the League, has sent the following letter to Congressman Knowland:

Hon. Joseph R. Knowland, House of Representatives, Washington, D. C.

Representatives, Washington, D. C.

Dear Mr. Knowland: I heartily congratulate you on the passage of the Panama Canal bill with the various provisions, including free tolls for the coastwise trade, in which you were specially interested. I consider the Panama Canal bill to be one of the greatest pieces of constructive legislation ever passed by Congress. It is surprising to find the people of the country appreciate its monumental importance. I certainly think you are entitled to a large share of the credit, and the people of your congressional district will show their appreciation of your splendid work.

Yours very truly,
A. H. DADMON,
Corresponding Secretary.

BOY ON TRIAL FOR SLAYING FATHER

Readily Admits the Crime; 'I Don't Know Why I Shot Him,' He Says.

LOS ANGELES, June 7.—Frank Yanes, 15 years old, was placed on trial in Judge Wilbur's department of the Superior Court yesterday, charged with killing his father near Compton two months ago.

Frank readily admitted the crime. "I don't know why I shot him," he told the court. "I shot to scare him, not to kill him. The bird shot in the shells were No. 7's and I didn't think they would hurt him badly."

"Father stood still for a while after I shot him, then fell over in the road. I placed him on a mud sled and hauled him home."

The boy admitted absolutely no sign of fear and told his story in a clear, straightforward manner. He will be questioned further today.

METEOR SHOOT ACROSS BLAZING MODESTO SKY

MODESTO, June 7.—A weather phenomenon rare in this section was seen in the northwest sky between 10 o'clock and midnight. The sky in the northwest was aflame with heat waves resembling the Aurora Borealis. While the people were attracted to the western sky and added to the sight. The golden glow from the sun which had long since set capped the top of the western mountains, and altogether the stage setting of nature was a startlingly attractive one.

TITANIC SURVIVORS AGAIN ON OCEAN TRIP

NEW YORK, June 7.—Sailing on the Baltic yesterday were the Misses Elizabeth and Clara Allen, daughters of James B. Allen, former Mayor of St. Louis, and niece of Daniel Robert of San Francisco.

The young women, survivors of the Titanic disaster, are recreating the ocean for their double wedding in London on July 11.

Miss Elizabeth is to marry Dr. J. B. Mennell and Miss Clara is to marry Professor Charles Hastings of Harvard University. They came to America on the Titanic to complete their trousseaux.

MARRIAGE KEEPS MEN FROM CRIME

New York District Attorney Proves Statement by Figures.

NEW YORK, June 7.—"Marriage keeps men from crime and women too. The more June weddings, the fewer November criminals." So Charles S. Whitman, the district attorney for New York, said, and he proved his statement by figures that speak volumes for themselves.

From the statistics compiled showing the ages and conditions of New York criminals during the year 1911 these facts stand forth as a convincing proof that marriage does tend to check breaches of the law.

There were 2,105 unmarried male criminals and 779 who had wives to help them in other troubles. One hundred and eight epistles offended against the majesty of the law, while 80 married women were found guilty.

Whitman believes that marriage brings to most people a sense of responsibility. In every case it may not save either man or woman from "going wrong," but he says, "the ties of home, particularly where there is a child, makes men careful to keep out of trouble. It is much the same with girls."

Another fact brought out by the district attorney's statistics is that where women are given a chance to help their offense they are more ready to go straight in future.

SOCIETY WOMEN IN 'HATPIN BRIGADE'

The Chicago Chief of Police Appoints Force of 20 to Enforce Law.

CHICAGO, June 7.—So frequent have become the complaints as to the damage done to face and feelings by long hairpins protruding from the hair of society women that Chief of Police Wemyer, in order to properly enforce the ordinance which forbids a hairpin to stick out more than one-half an inch from the band of the hat, has appointed a force of twenty society club women to put a stop to the nuisance.

The following women vested with all the authority of patriots, will compose the "hatpin squad" which Chief Wemyer hopes will end this nuisance:

Mrs. John O'Connor, president of the Chicago Woman's Club; Mrs. Laverne W. Noyes, member of the Chicago Woman's Club; Mrs. Robert C. Chatfield-Taylor, society leader; Mrs. Lewis K. Forbes, prominent club woman; Mrs. George W. Plummer, member of the board of managers of the Chicago Woman's Club; Mrs. Frank R. M. Mullin, regent of the Daughters of the American Revolution; Miss Helen E. Donnell, president of the Illinois Woman's Association; Mrs. Robert I. McCull, president of the West End Woman's Club; Miss Lucy Page Gaston, president and founder of the Anti-Cigarette League; Miss Jane Adams, head of Hull House.

"Chief Wemyer is to be complimented for his far-sightedness," declared Mrs. Myra Strawn Harshorn. "He has taken a step that should have been taken long ago."

TRACKLESS WASTES ARE EXPLORED BY PRIEST

TOKYO, Japan, June 7.—Tachibana, a young Buddhist priest, has returned to Tokyo after an absence of five years, devoted chiefly to explorations in Sinkiang and Tibet. He traveled over a vast extent of uninhabited country and crossed an almost endless series of hills and plains, which, however, would be settled and become prosperous if a railway were built. He traversed many deserts in places not indicated on the latest maps. He was the first civilized man to enter certain remote regions, where he obtained important historical, anthropological, artistic and religious materials, as well as valuable ancient relics.

SANTA CLARA INFANT DIES OF STROKE

SAN JOSE, June 7.—It was reported here yesterday that the infant son of Fred Cordom died at Santa Clara of a stroke.

This is the third case of prematurity by a child to come under the notice of local physicians. A laborer died at Berkeley a few days ago while working on the Alum Rock railroad line, and C. F. Baughman, a freight jumper for the Southern Pacific, is at the Columbia hospital, his life hanging in the balance. He was stricken in Tulare county and revived here by a relay of physicians who met him at Lathrop, Tracy and Niles.

PRESIDENT FREEL GUEST OF HONOR

Banquet Tendered Officials by
International Typograph-
ical Union.

SAN FRANCISCO, June 7.—President James J. Freel of the International Typographical Union and his brother officers, Vice-President Charles Hummer and Secretary George Williams, were the guests last night at a banquet given

by the International Typographical Union, officially represented by Vice-President George Tracy. Local No. 29 of the Stereotypers and Electrotypers Union was represented by M. Johnson, president; E. Gorman, vice-president; George Lane and Frank Colton, secretaries; Emil N. A. Dengel, chairman of the convention committee, and James Fitzsimmons, delegate to the convention which opens on Monday next.

It was an informal affair, marked by a spirit of goodfellowship. The serious work which confronts the convention next week was forgotten for the evening and the guests gave themselves up to enjoying the occasion with stories and jokes, contributed chiefly by Toastmaster Tracy and Emil Dengel, whose signal for silence was invariably greeted with applause.

President Freel responded to Tracy's short address of welcome with a tribute to the hospitality of San

LIGHT ASSOCIATION DELEGATES ON TOUR

New Englanders Spend the Day
Sightseeing in Bay
Cities.

SAN FRANCISCO, June 7.—The New England delegates to the Seattle convention of the National Electric Light Association spent their first day in San Francisco in seeing all that was worth seeing in the rehabilitated city and enjoying the unstinted hospitality that was bestowed upon them. An automobile ride through the city, including a luncheon at the Cliff House, and a visit to the Presidio and the site of the Panama-Pacific exposition, occupied the greater part of their time during the day. At

the exposition site the visiting electricians were shown the selected locations for the various state buildings. Last night the Electric Development League entertained the visitors at a banquet in the colonial ballroom of the St. Francis Hotel, which had been elaborately decorated for the occasion. John I. Britton formally welcomed the guests to San Francisco and received a response from F. M. Taft, vice-president of the National Association, who heads the New England pilgrimage to Washington's metropolis. After a welcome, chairman of the supervisory public utilities committee and a member of the Panama-Pacific exposition committee, spoke for San Francisco, and was followed by George C. Holberton. One of the interesting features of the banquet was a vaudeville entertainment, which included the best talent of the local playhouses and cafes, and music by the Chinese band, a novelty the electricians had not counted on. Today the New England delegates will visit Mt. Tamalpais, where they will have luncheon. They will return to the city in ample time to complete their arrangements for the continuation of their trip to Seattle on the evening.

'HOPPIE' MAKES A HARD FIGHT; END IS NOT YET

Keeper of Malodorous Resort Loses His Air of Confidence

When William Hopkins, the notorious proprietor of the Seventh street dive known as the Hoffman Cafe, knew that he would have to face trial in the Superior Court on the charge of stealing a purse from Thelma Buckingham, a 17-year-old girl in his employ, he immediately mustered his cohorts and set about "fixing" things so that there might be the least possibility of his being convicted and sent to state's prison.

First of all "Hopple" employed some private detectives. It is said, and these men began a systematic inquiry into the characters of the 100 men on the jury panel twelve of whom it was quite certain would judge upon the evidence presented in his case.

All the arts and wiles known to the profession of defending such criminals as "Hopple" were employed and when it came to a matter of selecting a jury from the trialmen called "Hopple's attorney, George McDonough, knew just about what to expect from each man. In several instances men examined and who manifested themselves as having all the qualifications of fair and impartial jurors, were later challenged.

That the defendant would have been convicted of petit larceny, as the lesser construction of the charge against him had it not been for the determined stand taken by one of the jurors Owen Feneley of 975 Fifth street, is common talk about the court house. It is said that Feneley led the opposition to returning a verdict that would brand Hopkins a thief and a felon and that his arguments influenced

the other five men who are said to have voted for acquittal.

JURORS CHANGE VOTES.

According to rumor, the first two ballots taken were understood to be void and cast merely to get the trend of feeling in the case. After that there was some fluctuation, one or two of the jurors changing their vote, while the majority preferred the petit larceny verdict. There was no ballot taken between 3:30 p. m. and the last one which stood 7 to 3 taken shortly before the discharge of the jury.

"Hopple" is worried his friends say. He has lost several pounds in weight and much sleep, in addition to that the public has come to look upon his "joint" as a place to be shunned. Even the careless rounders it is said feel that they are doing themselves harm to be seen entering and browbeaten out of their wages by the proprietor.

Confidence that was manifested by the defendant during the early stages of the trial has since the disengagement of the jury, changed to worry, and his indulgent smile has been contorted into a frown.

HERE'S A CONTRAST.

Significant in comparison to the case of the People vs. Hopkins is the one which had its climax in the criminal court today, when Manuel Joseph, convicted by a jury of having robbed the person of a street car conductor of \$4.90 was sentenced by Judge Wood to serve 10 years in prison. Hopple took a silver purse valued at \$12 and cash in the amount of \$4 from the person of Thelma Buckingham according to evidence produced at the first trial.

Hopkins second trial is to begin June 19.

She Had Consumption, Was Dying; Now Well

Eckman's Alternative is being used with success in the treatment of Tuberculosis in all parts of the country. Persons who have taken it improved, gained weight, exhausted night sweats stopped, fever diminished, and many recovered. If you are interested to know more about it, we will put you in touch with some who are now well. Read of Mrs. Govett's recovery.

Griffith, Ind. "Gentlemen"—In 1908, my mother-in-law (Mrs. Anna Govett) was taken sick with Catarrhal Pneumonia, and continually grew worse, requiring a trained nurse. The nurse informed me that she had Tuberculosis and nothing could be done for her. The Rev. Wm. Berg, of St. Michael's Church, at Shreveville, Ind., who prepared for her death, recommended that I get some Eckman's Alternative and see if it would not give her some relief. The physician told me that she had Consumption and was beyond all medical aid. So I immediately sent for a bottle. Practically without hope for recovery, I insisted that she try the Alternative, which she did. I am glad to say that she soon began to improve. Now, she frankly says she owes her life and health to Eckman's Alternative. (Signed Affidavit) JES. GRIMMER. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Croup, and Lung Trouble, any in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by the Owl Drug Co., and other leading druggists. Ask for booklet telling of recoveries and write to Eckman Laboratories, Philadelphia, Pa., for additional evidence.

AXE INFLECTS DAMAGE ON OAKLAND EMPLOYEE

Fred Boehr, of 1254 Clay street, had a narrow escape from death today when a scaffolding fell, carrying with it an axe, the implement striking him on the head, inflicting deep wounds on his scalp. It glanced off, striking him on the back of the left hand and severed blood vessels and tendons. The injured man was working on a building at Seventh and Washington. He was treated at the Receiving Hospital by Doctors Erwin and Smith and Steward Platt.

S.S.S. MAKES A LASTING CURE

Not only its proven ability to cure, but its absolute safety as a remedy, has made S. S. S. the most extensively used of all medicines in the treatment of Contagious Blood Poison. Unlike the strong mineral mixtures, which temporarily remove the outward symptoms and shut the disease up in the system, there to carry on its destructive work on the delicate and vital organs, S. S. S. strikes directly at the root, and by purifying the blood of every trace of the virus, completely and permanently cures the trouble. S. S. S. is Nature's blood purifier, harmless in its action and certain in its good results. It is made from a combination of roots and herbs, each of which has a definite and specific action in purifying the blood. Years were spent in selecting and proportioning the different ingredients, but when S. S. S. was perfected it soon demonstrated its superiority over all other blood medicines, and now, after 40 years, it is still the one and only certain cure for Contagious Blood Poison. While driving out the poison from the circulation S. S. S. builds up and strengthens the system by its fine vegetable tonic effects. If you are suffering with Contagious Blood Poison S. S. S. is your most certain reliance, and because of its freedom from mercury, potash or any other mineral, it is absolutely safe for every one. Home treatment book with valuable suggestions and any medical advice sent free to all who write.

EXPLAINS STREET ENDS DECISION

Attorney W. R. Davis Sends a Letter to Council Giving Summary.

Explanation of the significance of the recent supreme court decision against Oakland in the water front and street-ends case was given the city council in a communication from Attorney William R. Davis.

The letter follows: "Oakland, Cal., June 5, 1912. Hon. Frank K. Mott, Mayor, Oakland, Cal. Dear Sir: As requested, I send you a brief summary of the recent decision of the supreme court of California in the water front case upon the second appeal, the so-called street-ends appeal.

"The decision holds three cardinal points: (1) That the decision upon the first appeal, reported in 118 California Reports, did not fix or adjudicate the period to which the effect of the compromise ordinance of April, 1888, applied, but whether only on and after the date of April, 1888, or whether their effect reached back by confirmation to the very earliest ordinances and the Town's deed of 1853 to Carpenter. So holding, the court now proceeds to discuss an adjudge the period to which the compromise of 1888 applied, the period of its operative effect by relation back to the date of the earliest ordinances and deed, and holds that the effect of the compromise of 1888 was to confirm and ratify the Town's early ordinances and transfer of the mud flats between the lines of ordinary high and ordinary low tide.

"(2) That the language of the compromise ordinance of 1888 is such that, allowing that street-ends had been dedicated across the mud flats prior to 1888, the compromise ordinance of 1888 operated to revoke any and all such dedications, or mud flats, as an entirety, not mentioning or expressly reserving streets, or any part thereof, at this point, that as the State has plenty of power to vacate highways and streets, it has also the right to delegate that power to a municipality as its governmental instrument for that purpose.

"(3) That the acts of the city since 1888 in dealing with the water front property as private property, and taxing it and other acts and treatment of it, are private property, amount to an interpretation by the city itself of the intent and scope of the language of the compromise of 1888 and that its intent, in its entirety, the premises in controversy without reserving or preserving such streets, if any, as had been dedicated across the premises.

"Note: It follows that the city cannot, of right, and without compensation, project further streets across the water front, or mud flats. But it can, precisely as in the case of the private property of any other owner, streets as they shall be found useful in the further development of the harbor by condemnation proceedings and compensation as in all other cases.

"Yours respectfully,
"W. R. DAVIS."

LOCAL COUPLE WED AT GRETNA GREEN

Miss Loretta Crab of Alameda and Ward Wells of Oakland made a trip to San Rafael, Marin county's matrimonial metropolis, yesterday afternoon and were married in the Episcopal church of San Rafael.

The intentions of the couple were kept secret. With the exception of Miss Florence Palmer, who attended the bride, and Roy Skinner, who attended the groom, no one knew of their intentions to wed.

Mrs. Wells is the daughter of Mrs. Helen A. Crab of Alameda, and has just become of age. She has been quite popular in Alameda's younger smart set.

Ward Wells, the bridegroom, is the son of a well-known sugar plantation owner in Honolulu, and has just entered his majority.

The bridal party returned to the Jefferson Hotel, San Francisco, where the bride and groom were entertained and dined by Mrs. W. W. McDonald. In a short time after their arrival at the hotel news of the runaway match was flashed over the bay by phone.

COUNT'S 'NIGHTY' NOT WARM ENOUGH

Gowned, He Goes Hopefully to Prison Cell, But Alias, Br'r'n

SAN FRANCISCO, June 7. — This is the tale of an alleged count, a night gown and a prison cell, with the emphasis distinctly upon the article of apparel. Really, it was a farce comedy and the outcome was a favorable reputation of the lockup at the top of the Hall of Justice presided over by the general Lieutenant Tobin.

Bronislau de Donbrowski is a recent arrival from St. Petersburg, and says he is a Russian count. He had heard about the comforts and attentions given prisoners in the city prison and something had been whispered abroad and came to his notice to the effect that beds were provided for those "unfortunate enough to find themselves in the city prison."

His informant, however, failed to remark that the cots were solely of use in the female section and so he was ill prepared for the reception that greeted him.

De Donbrowski was standing on Powell street this morning slightly the worse for failing to pass by any of the resorts along the cocktail route. His actions were such that he was taken in tow by a police officer. To the latter he whispered that he must have a night gown before retiring even in Lieutenant Tobin's accommodating hostelry and was permitted to procure the bit of apparel before he found himself in the cell.

Then his hopes went down with a thud as he was placed in a cold comfortable cell and this morning he was mumbling bitterly when he was released and walked forth a free man with the useless night gown tucked upon his arm.

For Sweethearts and Wives

(Anti-Ruth in Household Helps)

"If the eyelashes are short and thin, plain pyroxin should be applied to lash roots with thumb and forefinger to make them grow thick and luxuriantly long. Thin eyebrows improve with daily applications of pyroxin.

"Men admire glossy, well-kept hair. Any girl can keep her hair light, fluffy and beautifully lustrous by dry shampooing every week or so. Put four ounces of powdered orris root in fruit jar, add an original package of orris and mix together. Sprinkle a little on the head and brush through the hair. These orris root, oil and dandruff.

"Now comes the time when daily complexion book shows your face.

"A complexion beautifying that will not rub off or show like powder is made easily by dissolving an original package of myroxin in a half pint of witch hazel. Gently massage face, neck and arms with this. The skin will be soft, lovely, smooth and shining.

"Whispering with water can be made to vanish from face or hair by using delicate paste, made by mixing powdered talcum with water. Cover the hairy surface with this paste for two or three minutes; then remove with the skin, and the hairs will be gone."

LAWLOR REFUSES TO SIGN ABE RUEF'S PAROLE

JUDGE DOESN'T FAVOR BOSS' RELEASE

Declares Wish to Await the Submission of Matter to Parole Board.

District Attorney Fickert Has No Opposition to Release of Convict.

SAN FRANCISCO, June 7.—Abraham Ruef, in the course of his efforts to obtain parole at the hands of the State Prison Board, this morning sent a representative to Superior Judge Lawlor to obtain his written recommendation for the release of the former boss. Coincident with this effort to obtain the signatures of the trial jurors, the fact was learned that District Attorney Fickert had already acquiesced in the plan and had already signed two statements at the instance of Attorney Bert Schlesinger.

When the representative of Ruef appeared before Judge Lawlor today he requested him to sign a statement reading substantially as follows:

"I hereby declare myself in favor of the parole of Abraham Ruef."

DECLINES TO SIGN.

Although Judge Lawlor refused to be quoted he stated that he had refused to append his signature to the document because he did not at this time favor the parole of the former boss and desired to leave his mind open and his opinions unbiased so that when in due form the matter is submitted to the parole board and referred once more to him for his consideration, he may act fairly and impartially and consider all the facts in the case.

District Attorney Fickert spoke quite freely regarding his part in the affair.

"Attorney Bert Schlesinger called on me and asked me to sign two statements," I understood that Judge Lawlor was to be asked to append his signature also, but my action in signing was done without regard to what Judge Lawlor might do. The two statements which I signed were 'I hereby certify that no other charges are now pending against Abraham Ruef' and 'I hereby make no opposition to the parole of Abraham Ruef'."

"I am not opposed to Ruef's parole and therefore have no hesitation in signing these statements as requested."

CONSIDER PAROLE IS RUMOR.

It is understood that Ruef's application for parole is now being taken into consideration by the prison board. A convict may not apply for parole until he has been incarcerated for one year, and it has been the unwritten rule of the board not to grant parole until an accused man has served half of his sentence unless by chance he be a life-termer. This custom has been set aside in certain isolated cases. Superior Judge Lawlor referred to this rule in speaking of the matter this morning and intimated that he could not see why an exception should be made in the case of Ruef. This would necessitate the former boss serving about five years, which would represent approximately half of his term with credit for good behavior taken into consideration.

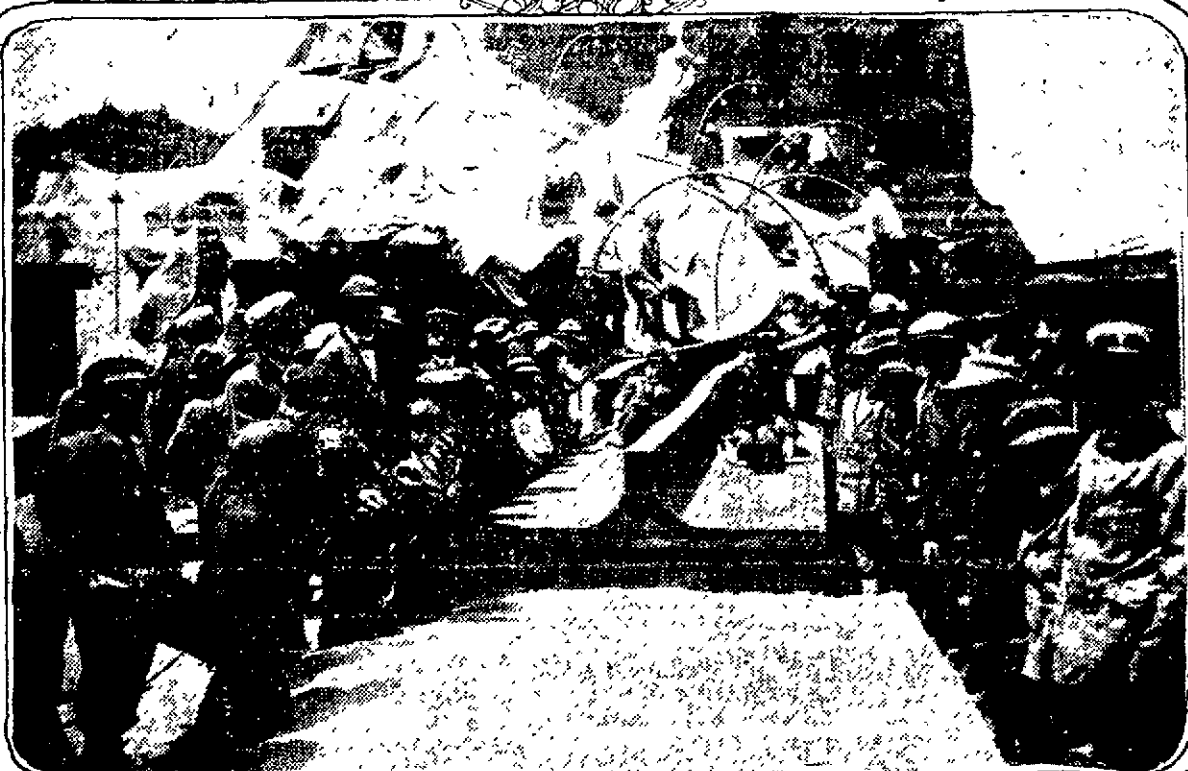

There is a rumor that will not down to the effect that should Ruef be treated leniently and paroled, the present series of articles being written by him and alleged to be a revelation of all of his past acts, good and bad, would be brought to a halt.

RUEF GETS PROBATION.

Six striking employees of the Southern Pacific Company, who took part in a riot at Seventh and Pine streets April 10, and who were found guilty before Judge George Samuels of disturbing the peace, were placed on probation for sixty days this morning.

TUESDAY THE TIME, IDORA THE PLACE; YOU'RE TO GET THE GIRL EVERYBODY'S DOING IT; DOING WHAT? GETTING TRIBUNE TICKETS

THE MOUNTAIN SLIDE AND MINIATURE TRAIN, TWO OF THE MOST POPULAR CONCESSIONS AT IDORA PARK, TO BE SEEN ON TRIBUNE DAY.

All Is in Readiness for Public's Day in the Pleasure Park

WHERE TO GET ADMISSION TICKETS FOR TRIBUNE DAY AT IDORA PARK, TUESDAY, JUNE 11:

Main office of THE TRIBUNE, Eighth and Franklin streets.

TRIBUNE Berkeley branch office, 2142½ Shattuck avenue.

TRIBUNE Alameda branch office, at Schneider's stationery store, Park street and Santa Clara avenue.

TRIBUNE Fruitvale branch office, at Dawson's drug store, Fruitvale avenue and East Fourteenth street.

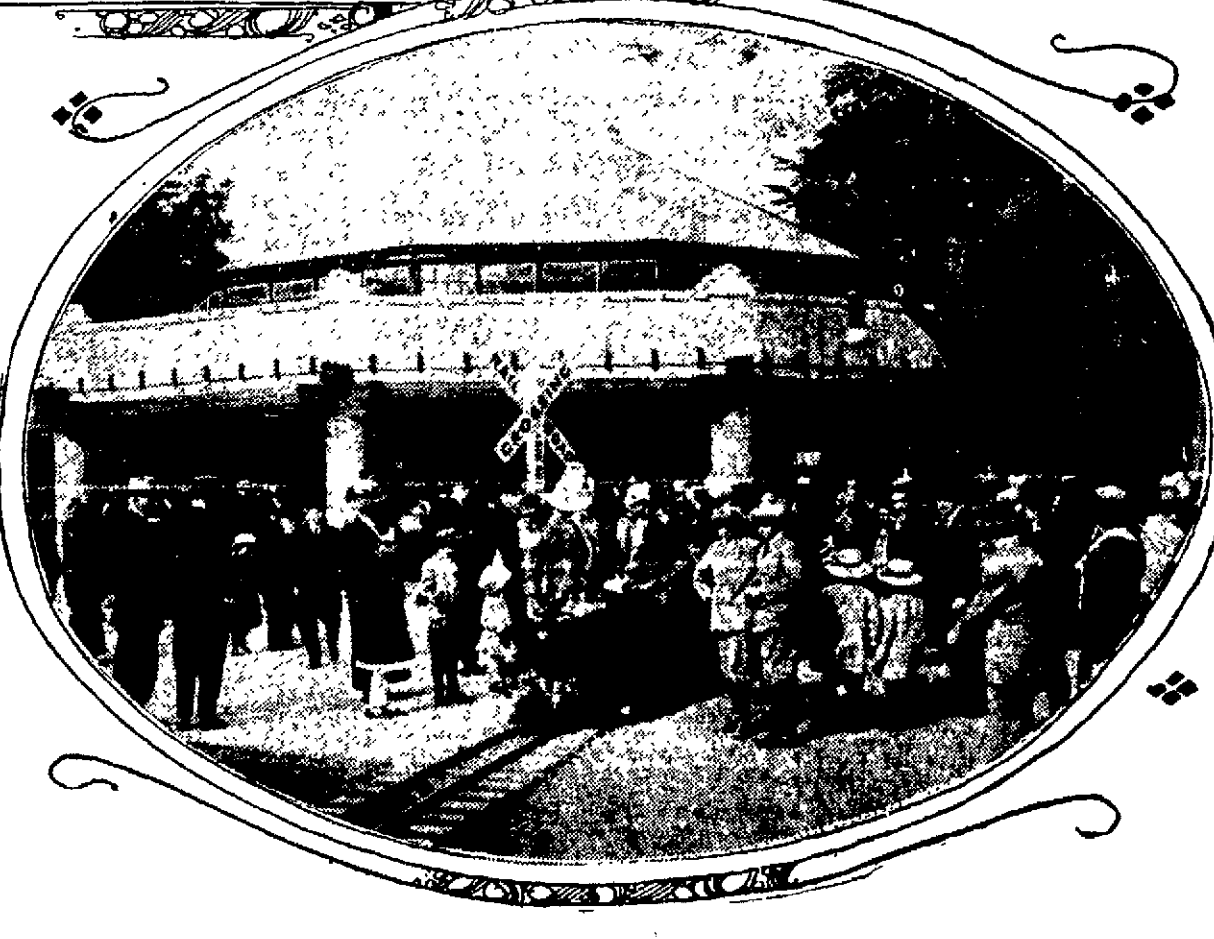

TRIBUNE Broadway office, 1114 Broadway.

Hip, hip, hurrah for TRIBUNE day! So says every youngster, boy or girl, 4 or 40 years young, who has been besieging THE TRIBUNE offices for the "open sesame" tickets to the great celebration at Idora Park on next Tuesday, June 11. Ever since the offer of free amusement to everyone who wants it was made by THE TRIBUNE on last Saturday there has been a steady stream of inquirers and applicants for tickets that has given the ticket distributors partial paralysis of the arms in handing out the valuable bits of pasteboard.

Exact figures on the number of tickets given out since Wednesday morning at 10 o'clock, when the distribution began, are impossible, but the figures are way up in the thousands, several multiples of tens being required to cover the number. "Everybody's doing it" sure enough, when it comes to getting tickets.

CONCESSIONS INCLUDED.

Everyone seems to realize just what a colossal offer this is that THE

TRIBUNE, "the paper that made Oakland famous" has made to all its friends, admirers and fellow-residents of the bay region. The mere offer to admit free to Idora Park, the city's \$1,000,000 pleasure resort, 60,000 or more people would be little less than astounding in its generosity. But when, in addition to that, THE TRIBUNE succeeds in arranging with Park Manager Bertrand York to give its guests entertainment on five of the park's excellent concessions, together with several of the best features, for which no admission is charged, then the full scope of what THE TRIBUNE management is trying to do for the people, the park and the fame of the city abroad begins to be seen.

Moreover, as though all that, representing a value in money of not less than 75 cents, were not enough, THE TRIBUNE has had still another feature in reserve. You have all heard of the gifts which Professor Frank Hamilton will liberate, attached to tiny parachutes, when he makes his sensational balloon ascension and parachute drop. These gifts will be three in number, the first an order for \$5 in cash, the second a hand-some cut glass nappy 7 inches in diameter, cut in the artistic chrysanthemum pattern, and the third a silver deposit sugar and creamer. But THE

TRIBUNE has arranged for five more gifts, which will also be within the reach of every person who visits Idora Park on Tuesday next. These will comprise:

A blue flow underglazed dinner set.

An oil painting framed in gold.

A shadow box effect.

A silver-plated casserole.

A kitchen set of eight pieces.

One dozen teaspoons.

NEW BAND LEADER.

Another new feature, and a most interesting one, is the announcement of a change in the band conductor. By rare good fortune, Piravante Dierno, he of the fiery leading, has been secured to act as special musician-in-chief of TRIBUNE day. This is a musical event of rare value and is certain to prove one of the most interesting and enjoyable of the many pleasures of the day. He will lead the band in the program announced in THE TRIBUNE of yesterday, a program that has been highly commended by music-lovers for its uniform excellence.

The list of park concessions, admission to which will be given by coupons furnished all persons entering the park armed with the general admission tickets, has now been completed. It includes some of the best things in that excellent list of attractions which the resort offers, and is in its entirety as follows: The auto course, shooting the rapids, moving pictures in the theater, social whirl, the mountain slide, the circle swing, the carousel, toboggan, laughter lane, scenic railway, pennies for the penny arcade, peanuts and one novelty act to be chosen.

All of these details Manager York, his assistants at the park and THE TRIBUNE management are daily working over. Manager York and his entire force have rendered every possible aid and co-operation to make TRIBUNE day a great success, and THE TRIBUNE management is doing everything in its power to give everyone a good time. It is hoping that all who wish a delightful day will accept its hospitality and have the best possible time.

HOW TO GET TICKETS.

Just remember the details of securing tickets for the day: Join the crowds that are calling at the various offices of the paper, a list of which is printed above, and ask for the tickets of admission which you want, whether for morning, afternoon, or evening. Note the color of the ticket given you, white for morning between the hours of 10 and 1, green for afternoon, good for the hours between 1 and 6, and red for evening, from 6 o'clock to midnight. Remember, also, that these tickets are all that are given out at the present time. The coupons which entitle you to admission to the

five selected concessions are not given until the surrender of the general admission tickets. This is done to prevent some unscrupulous people from attempting to corner the supply of concession coupons. In everything connected with the celebration THE TRIBUNE wants to preserve fairness in the treatment of its guests, and will expect that on their part certain of its guests will not abuse its generosity.

Remember the day, Tuesday, June 11, and the hours, from 10 a. m. to midnight. Prepare, then, to attend and enjoy the day in that most beautiful of resorts, Idora Park, the pride of Oakland.

BERT FRANKLIN IS SOCIALISM CITY TO SCAN

QUIZZED BY JUROR F. E. Golding Would Know if Darrow Owes Prisoner Money.

Redirect Examination Is Resumed by Assistant District Attorney.

LOS ANGELES, June 7.—When the trial of Clarence S. Darrow, charged with jury bribery, opened this morning, Juror F. E. Golding asked and obtained permission to interrogate Bert H. Franklin, the witness for the prosecution.

The juror asked Franklin if he had made any agreement with Darrow as to compensation when he entered the latter's employ. Franklin said he had not.

"Does Mr. Darrow owe you any money now?" asked the juror.

The witness replied that this was a matter which would have to be cleared up between Darrow and himself.

Golding also asked the witness as to the various amounts he had received from the McNamara defense and also if he had carried the \$4000

LOS ANGELES EDUCATORS PROBE TAUGHT IN SCHOOLS?

The Entire Class Said to Have Signed Plea for 'Soap-Box' Orators.

LOS ANGELES, June 7.—Under authority of the board of education, the members of which believe theories of Socialism are being taught in the high schools of Los Angeles, J. H. Francis, city superintendent of schools, launched an inquiry today into the circumstances surrounding the writing of a letter by Prof. Charles Edwin Locke of Polytechnic High school, to the authorities of San Diego, urging protection for Emma Goldman. Mr. Francis told the board members that Locke already had been reprimanded for sending the letter to San Diego in reference to Miss Goldman under his title of teacher of civics and history at the Polytechnic. But the board wanted further report on the alleged fact that Locke had sent into the municipal authorities of this city a petition signed by the members of his class asking that restrictions upon street speaking in Los Angeles be removed. Los Angeles has a street speaking ordinance similar to that of San Diego, prohibiting the use of corners in a prescribed district by "soap-box peddlers."

With this as a basis, the members of the board, with one or two exceptions, asked Superintendent Francis to learn whether tenets and principles which were declared to be antagonistic to those of an American patriot, were being taught in the schools.

Woolner's opinion follows:

"To the Honorable, the City Council, Oakland, Cal.—Gentlemen: Some time ago the matter of determining the power of the council to have an ordinance prepared regulating weights and measures in the city of Oakland was referred to me for an opinion."

"I am of the opinion that under the power vested in you under the charter you can pass an ordinance regulating weights and measures, and providing for the appointment of a sealer of such weights and measures. You have also power in such ordinance to provide that such sealer of weights and measures shall charge fees for examining, testing, sealing and certifying to the accuracy of all weights, measures, scales and other apparatus used for weighing and measuring articles. Yours very truly,

"BEN F. WOOLNER,"

Military Patrol Belgian Streets

Strikers and Strikebreakers Use Weapons and Many Are Injured.

BRUSSELS, June 7.—The strike in the Charleroi Basin has ended, but the situation has become worse in the Borinage district. The strikers fired on the strike-breakers there today and many persons were injured. The military patrol the streets and occupy all the railroad stations.

TO WAIT FOR BODY TO COME TO SURFACE

ALAMEDA, June 7.—Three days of dragging have failed to bring to the surface the body of R. Manard, the Oakland shiner who was drowned Tuesday afternoon. Deputy Coroner William H. Behrns believed the body is still in the deep pool off Bay Farm Island where the drowning occurred, but others are of the opinion the tide has washed it into the open bay. A lookout will be maintained to watch for the body when it rises to the surface and the attempts to drag it will probably be discontinued.

WEIGHTS AND SCALES

New Ordinance Prepared to Enforce Accurate Purchases.

Fees Will Make Office Self-Supporting, Thinks City Attorney.

CITY ATTORNEY BEN F. WOOLNER was this morning directed to prepare an ordinance to regulate weights and measures used by merchants and stores in the city of Oakland. The action is taken on the basis of findings of representatives of the Department of the Interior of the federal government that less than 40 per cent of the scales and measures in use in the city of Oakland are fair and correct.

City Attorney Woolner rendered a formal opinion that the city council has the power to regulate weights and measures.

According to City Expert L. G. Jordan the city will have to create the position of sealer of weights and measures, but Jordan believes that this office can be made self-sustaining through the fees to be charged for sealing scales and measures as proposed.

Woolner's opinion follows:

"To the Honorable, the City Council, Oakland, Cal.—Gentlemen: Some time ago the matter of determining the power of the council to have an ordinance prepared regulating weights and measures in the city of Oakland was referred to me for an opinion."

"I am of the opinion that under the power vested in you under the charter you can pass an ordinance regulating weights and measures, and providing for the appointment of a sealer of such weights and measures. You have also power in such ordinance to provide that such sealer of weights and measures shall charge fees for examining, testing, sealing and certifying to the accuracy of all weights, measures, scales and other apparatus used for weighing and measuring articles. TELLS PLAN TO BRIDGE THE BAY

**Big Audience at the Berkeley
Chamber of Commerce
Hears Address.**

BERKELEY, June 7. — The proposed building of San Francisco Bay was outlined at the Chamber of Commerce last evening by Allan C. Rush, civil engineer who originated the plan. The rooms of the Chamber were crowded with citizens desiring to hear the discussion. Mayor J. Ritt Wilson participated in the questioning directed to Engineer Rush.

Rush declared that the project would cost \$5,000,000 and that a syndicate stood ready to underwrite gold bonds to provide the funds. He declared the engineering project would cost less than a federal permission to use Yerba Buena Island and the Presidio were obtainable. The enabling act for this purpose, he declared, had already passed the Senate and no obstacles were expected in the House.

GLARE FOR GLARE; ROW RACKS BOARD

Guy Earl and Senator Cullen
Nearly Injure Dignity of
R. R. Commission.

SAN FRANCISCO, June 7.—State Senator Charles P. Cullen and Attorney Guy Earl, a regent of the University of California, all but achieved a new kind of contempt yesterday—contempt of the state railroad commission. And this in addition to profound contempt for each other.

"Why don't you listen to the testimony and you won't ask those kind of questions?" Cullen, who is attorney for the Pacific Gas and Electric Company, hissed at Earl in the hearing of the commission's effort to have the Great Western Power company kept out of the power field in Bolano, Marin, Napa and Sonoma counties. Earl is attorney for the Great Western and he had just asked a question of John A. Britton, vice president and general manager of the rival corporation. Britton was on the stand.

"I pay as much attention to this as anybody," Earl hissed back. He glared at Cullen and Cullen returned glare for glare. Then Cullen asked another question of Britton, but Earl got to thinking over the whole matter and got madder and madder.

"I'll not have you cracking the whip over my head," he supplemented.

"Well, I mean what I say," Cullen retorted, as the two men, sitting at the same table within four or five feet of each other, rose to their feet.

They glared again, but Cullen took off his glasses and laid them on the table.

"And I'm ready to back it up any time," the sturdy senator retorted, his eyebrows and Trinity and De Motie blood boiling.

ORDERED TO APOLOGIZE.
Earl drew back his arm, but the budding row was nipped by State Railroad Commissioner John M. Eshleman, who is chairman of the board, and the presiding officer, therefore, at the hearing.

"Sit down both of you gentlemen!" and apologize to the commission. If Eshleman rapped out "Sit down," this goes any further and will take it as an excellent opportunity to test the power vested in this commission to punish for contempt of court.

Cullen glared a last, lingering glare and Earl was just as glaring. They settled slowly into their chairs. Then Cullen apologized to the commissioners. Next Earl apologized. They turned for one final deadly glare.

Now, Mr. Britton—"Cullen began again.

The incident was closed.

Britton was on the stand all the morning and most of the afternoon alternately under the examination of his own counsel and that of the state.

Today it was decided that the matter was to be submitted without arguments by counsel.

SUBMIT RAILROAD CASE WITHOUT ARGUMENT
SAN FRANCISCO, June 7.—The litigation between the city and the Sutter Street Railway Company was submitted in the Superior Court this morning without arguments. On January 9 a decision was rendered giving the municipality the sole right to the use of the outer tracks on Market street and the Sutter street railway entered a motion for a new trial. The city attorney is also anxious to have certain matters cleared up and joined in the motion which was filed with the court. Today it was decided that the matter was to be submitted without arguments by counsel.

FATHER AND SON MIX; FORMER IS ARRESTED

Albert Adelson, an aged jeweler who has been a leader in the attempt to found several esoteric and occult colonies, was arraigned before Judge George Samuels this morning on a battery charge preferred by his son, George Adelson. The case was put over to July 1 for trial.

Adelson was arrested last night by Patrolman Reinhardt at his shop at Nineteenth and San Pablo avenue. According to the police, Adelson was badly beaten about the face when he was brought into the police station. He was released on \$40 bail. George Adelson swore out a warrant yesterday morning.

A trivial family affair between the father and son led to a fight. George Adelson lives at 1466 Chestnut street.

EBERLEIN'S REPORTS
FEATURE OF DEFENSE

Battle for Control of Elk Hill
Country Will Start in San
Francisco.

SAN FRANCISCO, June 7. — When the United States Government, through Assistant Attorney General William N. Miller and United States District Attorney I. A. McCormick of the Southern district of the California on July 1st formerly resume the case against the Southern Pacific Company for possession of approximately 6,000 acres of land in the Elk Hill country, which the Government men say they value at \$15,000,000, San Francisco will be the battle ground of one of the most hotly contested legal fights ever conducted here. The Government is relying principally upon the testimony of Charles Eberlein, former land commissioner of the Southern Pacific to convict the railroad of fraud, and it came known yesterday that it is upon contemplated dissection of Eberlein's testimony that the railroad company is basing its greatest hope of winning acquittal of the charges.

Although the company maintains an attitude of silence upon the charges that have been hurled against it, preferring to make its answer through the courts rather than through any other medium, it became known yesterday that certain records and affidavits filed through Eberlein's alleged instrumentality will be brought up by the railroad company in an effort to prove that it is the Southern Pacific which was guilty of fraud in acquiring the lands at issue, they became so because they tied upon Eberlein's report as to the nature of the lands which Eberlein, according to his own testimony, now declares are oil-productive.

HIS POWER WEAKENED.

When Eberlein was brought from the Union Pacific to become land commissioner of the Southern Pacific, it is said, he expected to have complete jurisdiction over all lands owned by that corporation. The Kern Trading and Oil Company was organized as the railroad company's subsidiary to handle all of the company's fuel and fuel lands, and this move naturally took from Eberlein much of the jurisdiction which, it is said, he expected to wield. When the Southern Pacific first applied for patents to the lands at issue in the Elk Hill district, asking for every alternate section within certain boundaries, Eberlein is alleged to have made affidavits to the effect that the sections the company desired contained no oil. In this connection it is said that, contrary to common belief, the railroad company does not intend to base its defense on the plea that oil is not a mineral. The affidavits made by Eberlein, in which he is alleged to have sworn that the lands at issue contained no oil, are said now to be on the government files in Washington. A few years after these patents were issued Eberlein is alleged to have induced the railroad company to lease to the Kern Trading and Oil Company the exact lands at issue upon the alleged declaration that they did contain oil, and as oil lands should be handled and operated by the Kern Trading and Oil Company. The contrast between the affidavits alleged to have been made by Eberlein when the patents to the lands at issue were obtained and the contract with the Kern subsidiary, which he is alleged to have recommended upon the ground that the lands at issue did contain oil and were oil productive, will be one of the features of the defense. In this manner the railroad company, it is declared, expects to prove that if fraud was committed by the railroad corporation it was due to the shunning of personal and individual responsibility upon the corporation as a collective and impersonal institution.

TO PROBE HIS CLAIM.

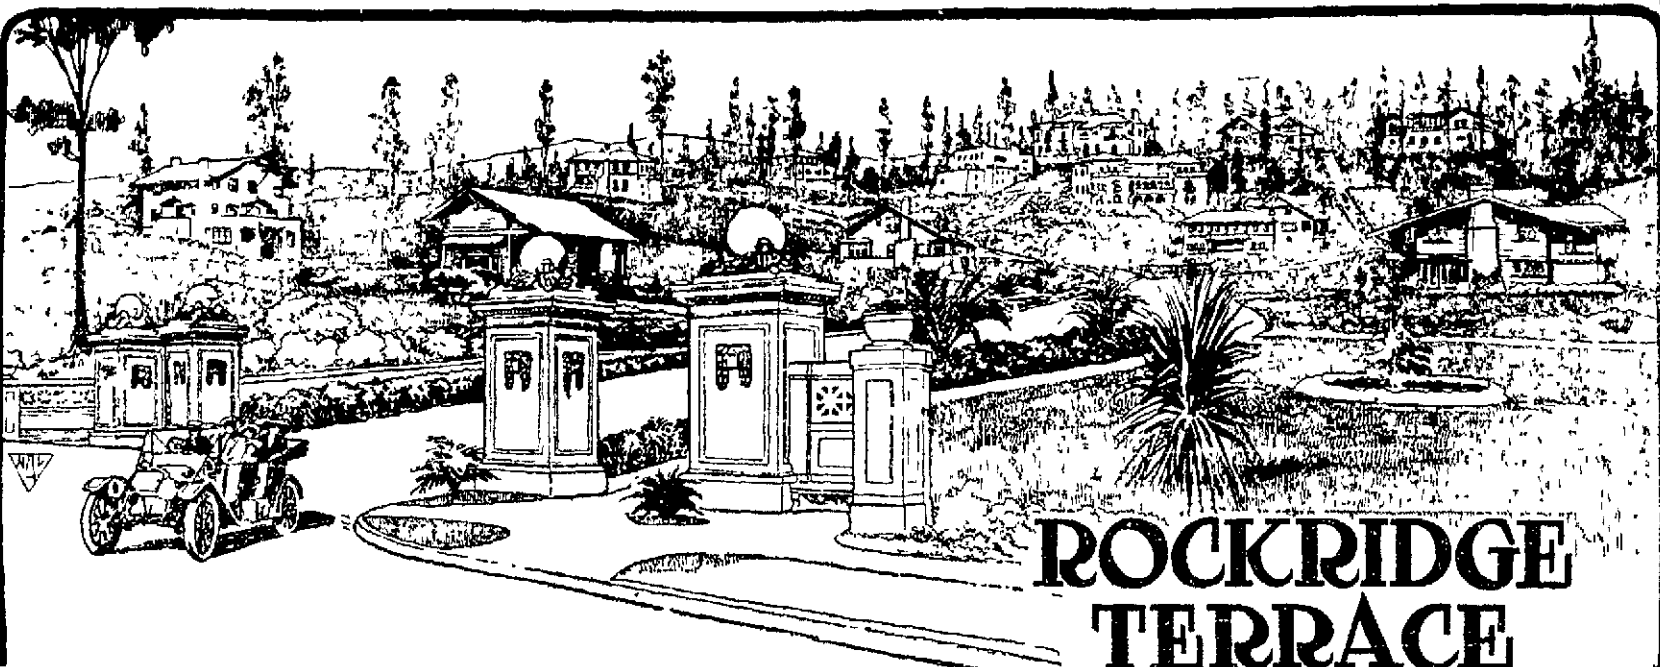

Eberlein, according to his testimony claims to have the chartered remnants of the lease by which the Southern Pacific transferred to the Kern Trading and Oil Company, these affidavits, it is said, that the Southern Pacific will insist upon an inquiry to ascertain by what means he came into possession of these papers and what other records he may have. It is claimed that at the time of the fire of 1906 all the railroad's records were stored in the Mercantile Exchange building, wherein their offices were located. The lease which, according to the government, Eberlein now claims to have, was supposed by the railroad to have been destroyed in the fire. An inquiry will be made to find out why it was not among other destroyed and partially destroyed records. Another point that may engage the attention of the defense, it is said, is the identity of those corporations which endeavored to find oil on the present sections of land adjoining the railroad's. It was mainly upon the contention that the alternate sections did contain oil that the effort was first made to prove that the railroad lands contained oil.

BRUTAL SON GOES TO JUVENILE COURT

Albert Butler, 17 years of age, who was found administering a brutal beating to his mother, Mrs. Bertha Butler, 1012 Wood street, yesterday afternoon, because she refused to give him money, was certified to the juvenile court this morning. The aged woman is partially paralyzed. The mother and son were brought to the court by the police. The mother, who had answered the call with the police patrol, was leading Butler to the wagon, the latter made a desperate attempt to escape, jerking away from Smith and running along Wood street. Smith brought the fleeing boy to a halt by firing a shot over his head and threatening to shoot to kill. Butler was booked at the city prison on a charge of battery preferred by Mrs. Butler and Patrolman Smith. She told the officers that her son had frequently threatened her with violence because she refused him money.

HORSE UNSETS RIG; COLLECTOR INJURED

SAN FRANCISCO, June 7. — W. Adams, a collector for the Pacific Water Company, was thrown from his buggy at Butler and Jones street in a collision at 5 o'clock this morning. Adams was driving to his office when his horse shied at a passing car and he was thrown out of the rig. The light was overturned and Adams thrown heavily. He was removed to St. William's Hospital and treated for a severe lacerated wound of the head and other injuries.

ROCKRIDGE TERRACE

Drawn from a Photograph.

Sunday night at 6 o'clock the price of every unsold lot in Rockridge Terrace is going to be raised 10 per cent.

When an owner asks \$1650, and declines to accept \$1600, for lots he held a week ago for \$1500, it is a pretty good guess he thinks something of those lots himself, isn't it?

Prices go up 10 per cent on Rockridge Terrace, Sunday night at six.

We've hardly gone to sale with Rockridge Terrace, and yet \$379,400 worth of this wonderfully beautiful marine view property is gone. And our owners ask us to consent to a raise in prices. There's no reason on earth why Rockridge Terrace shouldn't be raised. It's worth more than its present prices would indicate, just as this great big office, which has always been carefully told your business, has been telling you it was all the while, just as every man or woman who has been on Rockridge Terrace in the last two weeks has told us it was before they left, whether they could buy or not, just as \$379,400 worth of lot buyers have already agreed when they said: "We prefer your lots in Rockridge to our money," and then backed it up by making the exchange.

So Sunday night at six it goes up.

Day before yesterday we sold \$57,600 worth of big, beautiful knolls in Rockridge Terrace to one gentleman—the same gentleman who had previously made five purchases in different portions of Rockridge. Was the \$57,600 purchase made because prices were too high? And the Sunday following so hot that buyers would hardly walk up the cement lanes to even look at the property. \$379,400—does that look like prices in Rockridge Terrace are too high?

Prices in Rockridge Terrace as in all other parts of Rockridge are today and always have been as low or lower than the prices even of the cheapest property in Oakland. \$20.00 to \$35.00 a front foot is too low for Oakland in general—Certainly too low for Rockridge. And Sunday will mark the first raise in prices that the Layman Real Estate Company have ever consented to on Rockridge.

You know we don't own a foot of the property ourselves. We made an agreement with our owners at the start over two years ago. That agreement provided that, if we sold at a certain rate, original prices in Rockridge should remain stationary. For our benefit as agents—for yours as our buyers.

That's why. Although beautiful homes have since come into Rockridge, with their high average building cost of \$9200, radiating immense increase of values all over the property—that's why, although more money has been spent on this Wonderland of Oakland since first pricing than has ever been put into any other single subdivision in Western America, every dollar of which has made more value in Rockridge—that's why, although transportation has brought Rockridge right up on top of Fourteenth street and Broadway, and on top of Market street in San Francisco—adding still more value.

That's why and that's the only reason why prices in Rockridge have never been raised before.

Because we wanted our buyers to purchase a property from us whose value was positive. One where we could tell them, "It's worth more than you paid for it."

We were satisfied to take Rockridge Terrace two years ago in its then present condition to sell to you at its present prices, or we wouldn't have taken it.

And those of you—our clients—who have seen the pictures of the old Rockridge which hang on the walls of our office—pictures taken two years ago, when the present low prices were established—can realize at a glance how present values in Rockridge are away and beyond over ten per cent above its present prices.

We're not going to say more. You can buy your homesight in Rockridge Terrace till Sunday at 6 P. M. at \$1600, 90 feet wide, with a beautiful marine view. And you'll get your deed immediately on making your 10 per cent cash payment.

The difference between value and price is profit, isn't it? And our owners want the prices of Rockridge Terrace raised. They've asked us to raise them, and we've consented. But not till Sunday at Six. Until Sunday night all the profit that comes from securing a lot in Rockridge Terrace goes to you. You, our clients, are to have our protection on these present prices until then. After Sunday at Six, ten per cent more goes to the original owners. After Sunday at Six will be too late.

Take the College Avenue car to the Country Club station. Then out over the Rock Ridge line, on the most picturesque ride to be had in Oakland—through the Golf links of the Claremont Country Club direct to the property.

DE FREMERY HOME TO BE MUSEUM

Historic Structure Becomes the
Property of Library
Trustees.

The board of library trustees met this afternoon to consider the acceptance of the old J. H. De Fremery residence, situated in De Fremery park, which was turned over to the library department of the city by the park commission at a special session held yesterday. The transfer is being made in accordance with the wish of Mrs. De Fremery that the famous old home should be converted into a museum in which should be assembled ethnological exhibits, curious and historical collections.

The park commission also passed a resolution turning over the control of the old Josiah Stanford residence on the shores of Lake Merritt to the care of the library trustees. The residence has been used for over a year as the city museum.

The De Fremery residence is one of the oldest houses in California and is considered the finest specimen of pioneer architecture extant.

Both Mr. and Mrs. De Fremery were ardent collectors of curios. Their collection was added to at every favorable opportunity. At the present time the collection contains ethnological specimens from the Pacific Islands, Asia Minor, India, South and East Africa, Java, Sumatra and Ceylon, as well as from several countries in Europe.

DESERTION IS CHARGE BROUGHT AGAINST WIFE

Robert Cornell was granted an injunction decree by Judge Wells on the ground of desertion from Clara H. Cornell this morning. Suits were filed by S. J. Wright against Rae Wright, filed by Anna A. Harris against Joseph H. Harris. Both suits were on the grounds of desertion.

Maude Carpenter did not care to live with Frederick H. Carpenter any longer when she discovered that he was ten years older than he told her before their marriage. She complained in her suit that Carpenter told her that he was 62 years old and shortly after their wedding he said that his correct age was 72. The difference of ten years was too much for Mrs. Carpenter and she asked Superior Judge Wells to annul her marriage. The request was granted. Mrs. Carpenter is 30 years old.

TRIBUNE READERS EXPRESS VIEWS

Topics of Day Discussed by Many Subscribers in Letters.

EDITOR TRIBUNE—Your editorial on the Hopkins trial will certainly draw you many friends, and your worthy publication is entitled to much praise on account of your fearlessness in exposing such "beasts" as Hopkins. All that you accuse him of being, is true, and I think if his record was looked into that he would go "across" on the charge of being a white slave merchant. The more your reputable paper exposes him, the more respect the decent citizens have for you. Many a young girl has been led astray by his "hell of inquiry" to Hopkins' delight. Innocent and ignorant girls are his money-getters. The cure depends on them for his business. As I have previously stated, the decent citizens are with you, and will help you to place Hopkins in his true light. I am, sir,

Yours very truly,
C. E. THOMAS.

REGARDING VACATIONS.

EDITOR TRIBUNE—An item appeared in this evening's TRIBUNE. As I am from Missouri I would like to know why "vacation for City Employees, 15 days" consecutively on full pay. Those who are paid monthly or annual compensation. Why the distinction from monthly or day pay. Is the man that is fortunate enough to have brains (and some do not even possess such an article) to fill such a position any better than the day man? Or, in other words, the laboring man? Is his work any harder and would he take a vacation at his own expense? There would be very few leave their desks if they had to be the loser.

What would the city of Oakland be if it was not for your employees that do the hard work, viz. Park men, sweepers, teamsters, etc? Would one of the clerks don the working man's clothes, take pick and shovel and do a hard day's work as they do? No, I tell you, the city employees that labor to beautify your city are the ones to take your hat off to, and should be shown every consideration. The salaries of the monthly men and annual compensation could enable them to afford to take their vacations without pay. If you want to do what is fair and just, find some way to help the ones that are not so fortunate as to have a fat salary, or cut the vacation out entirely at the expense of the city. We are taxpayers, voters and, what is more, humane. Why should one set of employees be shown more consideration than another set? Thanking you for your valuable time and space, if it should be granted.

I remain,
WILLIAM HENRY,

REGARDING COMMANDMENTS.

EDITOR TRIBUNE—A few evenings ago the pastor of the Pilgrim A. C. church of Oakland made light of certain people who believe in the commandments, and tried to make it appear that under the new covenant God has entirely changed his attitude toward man, so that man is no longer expected to reverence and obey the ten commandments.

In expounding Col. 2:16, the doctor failed to see that Paul was careful to designate just what meats, drinks and sabbaths were abrogated at the cross. It was those meats, drinks and sabbaths which were "a shadow of things to come" that passed away by limitation when the thing foreshadowed became a reality on the cross.

There were several annual sabbaths in the ancient temple service which, along with the typical meat and drink offerings of that shadowy service naturally ceased at the cross. The shadow had met its substance.

The doctor's theory that the text covers the Sabbath of the fourth commandment proves too much, for the text mentions meats and drinks as well as sabbaths. Does the doctor believe that Paul means to abolish not only the whole idea of a weekly Sabbath, but also to leave everybody free to eat snakes, lizards, rats and buzzards; and drink all sorts of bad whisky or anything else they might choose? His theory is entirely too "broad" and loose and full of license for this enlightened and discriminating age to swallow.

The learned A. C. doctor says that the word "law" means the five books of Moses; that the law was abolished at the cross; that the old covenant was abolished at the cross; that the word "covenant" means disposition or arrangement. According to his "broad" way of putting things, we have the five books of Moses abolished at the cross, and God's old disposition or arrangement abolished at the cross, since which time He has a new disposition and a different arrangement for man. A. C. theology, but somehow it seems to jar a little against the throne of an all-wise God "with whom there is no variableness neither shadow of turning." The writer cannot agree with the idea of turning God into a theological jumping-jack to fit an anarchistic theory.

Better leave the question where the Old Book puts it. Christ died to save man from sin, and "sin is the transgression of the law." 1 John 3:4. The Savior died, not to release man from his transgression. By nature man is a transgressor of the Divine law, but through the atonement man's nature is changed so that he loves to obey God's law. Christ suffered the death penalty for man's violation of God's law in order to vindicate the law and still have man to vindicate the law and still have man to be just and still the justifier of all who believe in Jesus. "Do we then make void the law through faith? God forbid; yea, we establish the law." Rom. 8:31.

Shewers of any theology that seeks to belittle the ten commandments. "A. C." might be interpreted to mean anti-Christ.

NO "BALCON LOAFERS"

EDITOR TRIBUNE—We notice in your issue of last evening you mention a free-for-all fight taking place at Fifty-ninth street and Fifth avenue. We wish to state in this connection that we have seen several blocks away, and that there were no "balcon loafers" in the mix-up. Had you taken steps to verify your statements, you would have learned that none of our patrons are "balcon" in any sense of the word. We trust that the correct will be made giving us full justice in the matter.

Yours very truly,

We Apologize

We owe the public of Alameda county an apology. We expected a large business last Saturday but it was far beyond our expectations. We had a large corps of clerks but it was impossible for them to handle the large crowd that attended our opening. Many customers were turned away because we could not wait upon them. We apologize to those who were not waited upon and we assure you that tomorrow and tomorrow night we will be prepared to accommodate all. We also apologize for the lights in our new store going out at that particular time for we were jammed to the door for space. We have supplied ourselves with the latest and most modern lighting apparatus which makes our store look like daylight at any hour of night. Tomorrow we are going to extend the same offer as last week, namely, make \$50, \$55, \$60, \$65, \$70 Suits

Thomas Collins, a veteran of the Span-
ish war, was held to answer before
Judge Mortimer Smith this morning on
a charge of failure to provide prefer-
red by his former wife, Mrs. Alice Rich-
ardson. Collins admitted that he had
refused to give Mrs. Richardson money,
claiming that when she gave her money
he turned it over to her present hus-
band. Children in the family have been
provided for, Collins says, by giving them
groceries and clothes. This, Mrs. Rich-
ardson denies.

STORY OF MURDER TOLD AT INQUEST

Witnesses Give Accounts of Slaying of 17-Year-Old Girl by Lover.

SAN FRANCISCO, June 7.—With
emotion written on his every feature
and controlled with difficulty, Charles
Holmes Bonner, slayer of 17-year-old
Bernice Lillian Godier, passed
through the ordeal of the coroner's
inquest this morning. The story of
his search for comfort within the
leaves of the Bible had brought to
him a work on reincarnation sent by
a local society and he was delving
into its pages when taken by the de-
tectives before the coroner's jury.

The witnesses examined were those
who figured in the events of Wed-
nesday night, when the tragedy oc-
curred on the steps of the Godier
home at 1172 Haight street. Mrs.
Minnet Drexel, overcome by her feel-
ings, told as best she could the story
of the trip to the Pantages Theater,
the return, the assault by Bonner and
the firing of the shots which ended
her niece's life. She was corroborated
by her escort on the return trip,
Samuel Honston, of 905 Eddy
street. The autopsy surgeon, Dr. Ste-
phens, explained the nature of the
wounds and the cause of death. Cor-
poral Farrell and Patrolman Burns
rehearsed the circumstances of the
actual arrest of the young prisoner,
and Detectives Gaughan and Bakulich
described their investigations in
connection with the tragedy.

VERDICT IS MURDER.

The jury in a verdict rendered at 1:30
this afternoon charged Bonner with mur-
der. When the lad was brought down-
stairs from the inquest room and his
mother came close to him for the first
time during the day, she threw her arms
around his neck and both cried hysteri-
cally. The detectives allowed the mother
and son to remain together for a few
moments in the hall of justice.

Pennsylvania Employees Enjoined From Striking

PHILADELPHIA, June 7.—Judge Brey-
er in common pleas court here today is-
sued an injunction restraining the fed-
erated committees of the Brotherhoods
of Trainmen, Conductors, Firemen and
Engineers from taking any action that
may lead to a strike on the lines of the
Pennsylvania railroad east of Pittsburgh
and Erie, because of alleged grievances.

NAMES MEN FOR FIRE DEPARTMENT

Appointees to Man Salt Water System and E. Oakland Companies.

Appointment of over a score of men to
the fire department on the basis of cer-
tification from the civil service board fol-
lowing examinations was made by Com-
missioner of Public Health and Safety
Fred C. Turner this morning. The ap-
pointees are to man the high pressure
salt water system companies and the
companies to have charge of the new
Elmhurst firehouse and the new Thir-
tieth avenue firehouse.

Commissioner Turner is having some
difficulty in the matter of appointing ex-
amination. To be of any value the call men
must live in the neighborhood of the
firehouse to which they would be as-
signed and at present the eligible list
has not been segregated in such a man-
ner that appointments may be made to
fill these call men vacancies to the best
advantage. The civil service board has
been asked to recommend a method of
handling the problem.

The following appointments have been
made in the fire department:

Drivers—A. W. Costa, C. R. Ander-
son, H. E. Andrews, M. A. Decker, J. J.
Sands, J. W. Cunningham, J. J. Healy,
vice G. W. Sturms, transferred; Charles

well, H. E. Williams, Warren, L. Kivett,

CHARLEY DOYLE TO QUIT THE STATE LEAGUE

SACRAMENTO, Cal., June 7.—
Charles Doyle, manager of the
Sacramento State League baseball
team, announced today that after
next Sunday his team would re-
tire from the race. Doyle will ap-
pear at Modesto Sunday with a
pick-up team for the last ap-
pearance. According to the local man-
ager, unbusinesslike methods and
constant foul play have soured
him and his men on the league as
constituted.

PACKY MCFARLAND IS GENEROUS TO HIS OPPONENT

MUSKOGEE, Mich., June 7.—Packy
McFarland of Chicago stopped young
Breanan of Canada in the fourth round
of a scheduled ten-round fight here last
night. McFarland severely punished
Breanan throughout the fight.
The beginning of the fourth round,
McFarland went after his man and finally
sent him to the mat. At the count of
three Breanan struggled to his feet and
the crowd yelled to stop the fight. Mc-
Farland refused to hit his man and the
bouts ended the fight, giving Packy
the decision.

DIAMOND DUST

(Cont. from Preceding Page.)

of the lot. Another time he hit the left
side of the head and the man fell. He
had to go back to far centerfield to get
one he hit that way.

Mitze got a two bagger in the second
that went coming to him. He poked
it into centerfield that White Fox
Swain should have caught but the big
fellow lost his bearings and hopelessly
misjudged the pellet.

Poor John Tiedemann, he was as mad
as a wet hen yesterday. Three times he
sent a ball back to the pitcher and every
time Gilligan sent him back to the water
bucket. Big John was fair enough,
but he was too slow to catch the ball.
He was a bit too much speed for him.

Bill Leard is a little second baseman
and plays the game for all it is worth
all the time. Even with that wrist of his
he is a good player and usually gets it.

Martinson was called on for the first
time in many months and for one inning
showed fairly well, but in the next he
went wrong and the batters he sent to
the plate made a couple of runs and
it was as easy to hit him as it is to fall
off a rolling log.

Howard of the Angels was some swat-
ter in the northland and grabbed off a
single every time up to one. As he
went to the plate he said something to
his batting average.

STARR HAS VANISHED; CHECKS QUESTIONED

George Starr, senior member of the
Serr Collection Agency, has disappeared
under circumstances which the police are
investigating. The offices of the firm in
the Blake, Moffitt & Towne building, have
been closed. Various saloonmen, among
them J. J. Heaney, Tim Dorgan, and
Stevens, have stated that checks cashed by
Starr have been returned as worthless.
Starr has several checks which it claims
it has not been able to cash. Starr's
friends profess to believe that he has met
with an accident, and his mother has
said that she will be responsible for the
questionable checks.

SUES DOCTOR FOR LOSS OF FINGER

J. C. Bohannon of 140 Claremont ave-
nue, who claims to be a specialist in
the treatment and cure of cancer and
who recently quarreled with his son, G.
C. Bohannon, when the latter withdrew
from his father's practice and set up in
business for himself, now being sued
for the loss of the fourth finger on his
right hand through the specialist's al-
leged treatment.

Becoming alarmed at the appearance of
a small growth on her hand, Mrs. Nor-
thing recited in her complaint that she
went to Dr. Bohannon and that he told
her the trouble was of such a trivial na-
ture that even an "ordinary doctor"
could cure it.

As the result it became necessary for
her to have the finger amputated, while
another finger was seriously crippled. For
that reason she asks the court to award
her damages.

The appearance of Bohannon in court
will be the second time he has been in-
volved in civil proceedings within the last
three months. Last March he filed suit
against his son in the amount of \$5000
for alleged injury done his practice by
the latter while he was absent in Seattle.
The father claimed that his son had not
only disrupted his practice, but that he
had set himself up in business, taking
the father's name, best physician with
him as well as his stenographer and his
greater part of his prospectus literature.
Then he named his "Institute" practically
the same as the older institution, with
the result that the father sought to have
him restrained.

The court allowed practically everything
asked except the \$5000 alleged damages.
Both parties to the suit testified that
the other had at times threatened his
life, and considerable animosity between
son and parent was shown.

ELOPERS ARE SOUGHT BY OAKLAND POLICE

Search is being made in this city by
the police at the request of the parents
of two young people who are believed to
have eloped from Benicia and come to
the bay region for Grace Adams, 14 years
of age, and Timothy Hagerty, 19 years
of age.

The parents obtained information that
the young runaways had started for Oak-
land to answer a letter concerning the
offer of an engagement in Vallejo.

Miss Adams recently graduated from
the Benicia high school, where she gained
considerable local renown by appearing in
local amateur theatricals. Young Hag-
erty has a good voice and frequently
sang at Benicia musicals.

DESPONDENT WOMAN TRIES TO END LIFE

SAN FRANCISCO, June 7.—Declaring
that her husband had threatened to
leave her, Mrs. E. P. Ramsey, of
the Manito Hotel, attempted suicide
this morning by swallowing a quan-
tity of strychnine. At the San
Emergency Hospital, where the
woman was taken, effective medi-
cine was administered and the
husband stated later that he did not
believe she had gone any further than
to vomit the poison.

PIEDMONT BOARD FIXES WATER RATES

Trustees Meet to Decide on Many Matters of Vital Importance.

PIEDMONT June 7.—At the regular meeting of the board of city trustees last evening an ordinance was introduced fixing the water rates for the ensuing year. The ordinance was introduced by Trustee J. H. Smith and was passed by a vote of 10 to 2. The ordinance provides for a minimum rate of \$1.50 per month. The city is to be charged at the rate of 20 cents per 1000 and the fire department at the rate of \$2.75 per month for each 4-inch hydrant and 10 cents for each 2½-inch hydrant. There are at present twenty of the large hydrants and fifty-two of the smaller ones in the city of Piedmont.

The ordinance further provided that if a consumer thinks that his water bill is excessive, a request is to be made to the water company to test the meter if after having been tested he is dissatisfied with the charge the matter may be reported to the city clerk who will take it up with the water company. Delinquent water bills which remain unpaid after due notice in writing has been served, will cause the suspension of the water supply until settlement is made. The board of health shall have at all times the right to inspect water supplies.

When a consumer, living some distance from the water main, desires to connect his property, he must lay the connecting pipe along the street at his own expense. If the pipe is laid on his pipe by other residents, within a specified time, a rebate will be paid to him. At the expiration of the specified time this pipe becomes the property of the water company, and on December 31 and June 30 of each year a report must be filed by the company with the city clerk as to the property so acquired.

TAKE UP LIGHTING.
Trustee Farr called attention to the fact that street lights in various localities in the city were often in darkness for several nights in succession. On investigation it was found that the Gas, Light and Heat Company claimed that it had not been notified concerning these lights, while Marshall Rose is certain that he sent them due notice on each occasion.

A motion was passed ordering the clerk to prepare bids for an oil sprayer for street use, and to rent one for immediate use until one can be purchased. The following improvements were recommended for acceptance by City Engineer Frater: Sewers on scenic avenue, laid by the Piedmont Construction Company; street work on Highland avenue, done by Mrs. Nellie Maxwell, and the street work on Craig avenue by Nellie Maxwell. The board not being entirely satisfied with the work the matter was held over until the next meeting.

A vacation of two months was granted Street Inspector Smith and Colin Craig was appointed to fill his place during the time.

A new contract was submitted by the Gas, Light and Heat Company for the ensuing two years, which will give a reduction of rate, amounting to \$1470 per year.

A letter was read from F. C. Havens extending the option on the park property to the city for a period of six months, but he failed to send the board the detailed description of the property as requested.

The clerk was authorized to draw warrants for the current expenses of the month.

A motion was passed authorizing the auditing of the city books by Lester Herlick & Herlick, and to make up the financial report for the year of 1912.

On recommendation of Fire Chief Parker, a new 4-inch hydrant was ordered installed at Ramona and Rancho avenues and one at Craig avenue.

A motion was passed authorizing the purchase of a larger pressure gauge for the use of the fire department.

A letter from the National Municipal League was read inviting Piedmont to send a representative to the convention, which is to meet at Los Angeles, July 8 to 12. Upon motion of the board, Chairman Craig was chosen to represent the city, and an appropriation of \$75 was made for his expenses.

PREMONITION OF DEATH PROVES TRUE IN WEEK

STOCKTON, June 7.—James Monroe Jones, aged 62 years, was thrown from his wagon last night when his fractious mule team dashed away with him, causing him to fall under the wheels and suffer a broken neck. Jones had a premonition a week ago that death was near and left written instructions for the conduct of his funeral.

ROMANCE OF EARLY DAYS IS REVIVED

The Remains of Old Fort San Joaquin Discovered at Presidio.

SAN FRANCISCO, June 7.—The memories of a long forgotten romance in California's early history has been revived by the discovery of the remains of old Fort San Joaquin at the Presidio. The discovery was made by R. E. Wilson, secretary of the University of California, who is an ardent student of early California, and is engaged in writing a history of the Presidio. His investigations led him to explore around Fort Point for some record of early Spanish and Mexican occupants.

High up on the hill above the old brick fort known as Fort Winifred, near the corner of an old adobe building was discovered. Further investigation into the history of the city and the records of the Presidio proved without a doubt that this had been Fort San Joaquin, which was erected by the Spanish troops under Lieutenant Moraga, the first commander of the Presidio of San Francisco.

The fort was started September 1770, and was used until after the Mexican war. It was followed by Louis Antonio Arguello, who was the father of Concepcion Arguello, who was considered one of the most beautiful women in all California. She was tall and graceful and possessed the most beautiful large black eyes and pearly teeth, while her hair fell about her shoulders in long, raven black tresses. Her beauty was further enhanced by a sweet character.

WOODED BY COUNT.
About this time the Russian government was making a claim to the Russian possessions in California. Already her pioneers had established hunting and sealing stations on Bodega Bay and at Fort Ross in Sonoma county. To gain information as to the strength of the Spanish forts and of the condition of the Russian settlements in the State the Russian government sent Count Resanof to California in 1806.

The first port made by the count was San Francisco and he was invited to be the guest of the hospitable comandante. He accepted and then met the beautiful Concepcion. It was a case of love at first sight, but an obstacle intervened. The Count belonged to the Greek Catholic church and Concepcion was a member of the Roman church and before he could marry it would be necessary for Resanof to gain the permission of the czar for the union. Accordingly, forgetting the errand on which he had been sent to the State, he left the girl with the promise to return.

WAITS FOR HIS RETURN.
He never was heard from again and the beautiful Concepcion waited above the halls of the fortress or stood upon the point vainly awaiting the return of her lover. At last giving up all hope of ever seeing him alive in this world, she became a nun. In 1848 a party of black-robed nuns came to California and she joined them and went to Benicia, which was then the capital of the state. There she taught for one year in the college and then died.

This is the romance connected with the fort. If the Count had not been murdered, it is probable that the entire history of the western coast would have been changed. Instead of the Stars and Stripes floating over the country the blue and white of Russia would be in possession.

After the occupation of the Presidio by the Americans the old fort was forgotten in complete obscurity. After almost a century even these disappeared and were lost until their rediscovery by Wilson.

THIEF MAKES QUICK CHANGE OF CLOTHING
SAN FRANCISCO, June 7.—John Hanfay, who lives at the Golden Gate Hotel, 548 Kearny street, is not a believer in things occult, but he was inclined to be skeptical when he awoke this morning to find missing a suit of clothes and other apparel which had been folded neatly on a chair by his bed, and in their place a bundle of rags and tatters. The discarded articles were arranged just as carefully as Hanfay's own clothing, and he was wondering what had occurred when he noticed the door was open and realized that a burglar had swapped suits with him while he slept.
